Lincoln's Speech as Good as Ever, Rogers Points Out

(Special To The News)

BEVERLY HILLS, Cal., June 1.—Headline says: "Golf Wins Over Hoover in West Virginia," but as soon as the West Virginians find it's only a senator and not a game they will call for a recount.

Another Decoration Day passes and Lincoln's speech is still untouched. But Mr. Coolidge made a mighty nice speech, and what he said about this international peace that Kellogg is working on was news. People had no idea that it has progressed that far.

Yours,
WILL ROGERS.

PA NEWC OBSERVES

Bessemer is another section of Lawrence county where the girls did not run away with high school honors this year. In the graduating class the veledictorian at Bessemer is a boy, Harry Howard. While girls achieved the record of taking highest honors in a number of schools in the county this year, the proportion is not as great as it appeared a week or more ago, as later announcements have shown that boys took highest honors at Ellwood City, Princeton and Bessemer.

School terms are nearing their conclusion for children in the public schools. On next Wednesday the last school bell of the regular term will be heard. Those children who do not attend summer school sessions will be through with school books until September.

Sunday night will be baccalaureate night in Lawrence county. New Castle High school baccalaureate services will be held in the Scottish Rite Cathedral, while at New Wilmington, the baccalaureate services for Westminster College will take place. Over 300 are in the New Castle High school class this month, while there are approximately 80 in the Westminster class.

June enters with promises of some real summery weather. New Castleites will be glad to welcome a spell of real summer weather, we are certain.

President Coolidge has settled a weighty problem that most folks are pondering over about this time of the year—where to spend the annual vacation. The president is going to the middlewest again this year, having selected Wisconsin. He's going a 'fishin'.

Don't forget that New Castle clocks are to be turned on one hour on Saturday night, and that on Sunday New Castle starts observance of daylight savings time for three months.

In the near future the Monocoupe, diminutive monoplane which caused so much comment Thursday afternoon at the Harlansburg road airport, will come to New Castle permanently, it is stated. And it will prove a valuable addition to the aircraft of New Castle, for it is one of the easiest handled planes on the market today.

Those who were fortunate enough to be at the Harlansburg road airport Thursday afternoon at about three o'clock, witnessed one of the veterans of the air make a jump in a parachute. Pa Newc has discovered that the man is over 60 years old, but age, it seems, has nothing to do with courage.

And quite a contrast was offered those who are interested in the history of airplane development. Lined up on the field were six planes besides the new plane. At the extreme right end was an old Army jenny, now being used as a training ship. Then there was another type, not quite as old as the jenny, but old enough. And then there were four of the newer planes. When the "Spirit of New Castle" came in and was lined up, it made a complete history of airplane development covering more than 10 years.

Another thing which makes for the comfort of the motorist at the Harlansburg road airport is the large parking space which is available. Well over 400 cars were parked on it Thursday afternoon, and there was room for 400 more, or so it seemed to this observer.

One of the most unique experiences of the trans-continental flight came at Oklahoma City, Oklahoma, when

President Coolidge Plans To Leave On Vacation Trip, Thursday, June 14

(International News Service)

WASHINGTON, June 1.—President Coolidge plans to leave on June 14 for the summer White House on the Henry Clay Pierce estate, 35 miles from Superior, Wisconsin, it was declared today.

This will be two days after the opening of the Republican convention in Kansas City.

Col. Ed Starling, secret service operative, leaves today for the Cedar Island lodge to make final arrangements for the President's vacation. Executive offices will be established in Superior and the President will motor daily between the camp and the offices as he did in the Black Hills last summer.

Reports of the fishing in the waters of the estate have reached the President. Before his death, Pierce, once a wealthy oil man, stocked a number of pools with trout. Mr. Coolidge acquired the fishing habit in the Adirondacks two years ago. The well stocked pools at Cedar Island were among the motivating reasons for his selection of the estate nestled in the wooded wilds of Wisconsin.

Parachute Jumper Gives Performance At Airport During Afternoon

Winging its way practically across the continent in approximately 28 hours actual flying time the "Pride of New Castle" a Ryan monoplane the exact duplicate of that which Col. Charles A. Lindbergh is now using, and which was acquired by the New Castle Aircraft, Inc., a short time ago was landed at the New Castle Airport on the Harlansburg road at exactly 2:35 Thursday afternoon. The machine was piloted by Ed Schultz who handled the stick the whole way across the continent and carried D. Roy Bradford the manager of the company.

First to greet the aviators when they landed in New Castle were their wives after which they were posed for pictures. Both men stated that the ship was one of the best that is now being made in the United States and performed on the long grind without a hitch.

Six planes from other ports were assembled on the field when the aviators arrived, three from Pittsburgh, one from Youngstown, one from Sharon and one from Lansdowne, and well over 400 cars were parked on the McMillen farm.

Makes Parachute Leap.

After the landing had been effected Jack Grew, veteran parachute jumper of Pittsburgh took off in a biplane. When the plane had reached a height of about 2,000 feet Grew dove from the machine head first, and fell 1,000 feet before he pulled the rip cord which opened his 'chute. Then guiding

New Hospital Ready In Fall

Board Of Directors Hears Reports Of Treasurer And Building Committee

WORK ON BUILDING ECLIPSES SCHEDULE

Board of directors of the Jameson Memorial Hospital Association held its regular monthly meeting at the home of Mrs. David Jameson on North Jefferson street on Thursday evening.

Detailed reports from the building committee and treasurer were presented and the members of the board were much gratified at the wonderful progress so far made in building the new hospital.

Operations are more than up to schedule as originally planned and this beautiful and convenient institution of mercy will be opened and presented to the people of Lawrence county this fall.

There were originally twelve members of the board, but death has claimed two, George D. Blair, Sr., and Edwin F. Norris. A committee was appointed to frame fitting memorials to the two deceased members.

The members of the board present at the meeting Thursday evening were Mrs. David Jameson, Mrs. Elizabeth Jameson McCreery, John H. Lamb, Thomas F. Moorehead, Chester P. Reynolds, John P. Lockhart, Geo. T. Weingartner, Judge J. Norman Martin and Fred L. Rentz.

Anxious Mother Listens To Radio

(International News Service)

SYDNEY, Australia, June 1.—An anxious mother sat before a radio set today listening to messages from her son who was out over the dreary wastes of the Pacific, winging his way from San Francisco to Australia. The mother was Mrs. Kingsford-Smith; the son was Capt. Charles Kingsford-Smith, who hopped off at the Oakland airport yesterday morning. Radiograms from the Southern Cross were heard here distinctly and there was the keenest interest in the progress of the long and daring flight.

Two Killed In Explosion At Nitrate Plant

Two Killed, Three Believed Fatally Injured And Two Missing In New Jersey Blast

COMB DEBRIS FOR POSSIBLE VICTIMS

Buildings Within Half-Mile Area Of Kearney, N. J., Are Rocked

(International News Service)

KEARNEY, N. J., June 1.—Two men were killed, three probably fatally injured and two missing today after an explosion that razed the nitrating plant of the DuPont Viscoloid Company.

Buildings within an area of half mile were rocked by the force of the blast, which blew off the roof and puffed out the walls as if they were made of paper.

A dozen doctors with a fleet of ten ambulances were mobilized and the injured were taken to the West Hudson hospital. One victim died a few minutes after being admitted.

Three Near Death

Three others lay at the point of death while police, firemen and DuPont employes combed the debris of the building for the bodies of other victims.

The dead are Jack O'Brien, of No. 39 Davis street, Kearney and John King, address unknown, a DuPont employe. Donald Davidson, twenty five, of No. 11 Howell Place Arlington, suffered a fractured skull and thigh and was in a serious condition at the hospital.

Two others, so badly injured that identification was impossible, were taken to the operating table a few minutes after the blast. But doctors held little hope for saving their lives.

Amundsen Will Lead Expedition To Hunt Nobile

Lincoln Ellsworth, Famous American Explorer, To Join In Search

RELIEF PROGRESS BEING DELAYED

May Be Week Before Big Combined Arctic Search Is Under Way

(International News Service)

OSLO, Norway, June 1.—While Italian Alpine troops and fur traders are painfully searching the northern coast of Spitzbergen today for traces of the missing Italia, it will be nearly a week before a great combined land, sea and air search can be started that will comb the Arctic wastes.

The ice breakers Hobby, sent out by the Norwegian government, and the Braganza, chartered by the Italian government, are due at King's Bay, Spitzbergen, within 48 hours.

On board the Hobby is Lieut. Leutzow Holm, a Norwegian aviator, with a seaplane.

The combination ice breaker and coal carrier Ingerta will follow to King's Bay, carrying Capt. Hjalmar Riiser-Larsen and another seaplane.

Lieut. Dietrichsen, another Norwegian flyer, is leaving for Germany to obtain a Dornier-Napier plane for use in the search.

The little party of four Italian Alpine chasseurs that were set ashore from the Citta Di Milano to skirt the northern coast of Spitzbergen to Mossel Bay in search of traces of Gen. Umberto Nobile's expedition has been isolated ever since it landed several days ago. It has no means of communication with King's Bay.

Amundsen Joins Search

It was announced here that Roald Amundsen, one of the world's foremost Arctic explorers, and Lincoln Ellsworth, who flew over the North Pole in an airplane, will lead an international relief expedition for the Italia. While international in scope, it will be technically a private enterprise, as it will be financed by Ellsworth. It is hoped that the two explorers will be able to start for Spitzbergen in 10 days.

Although there was a coldness between Amundsen and Nobile after their flight over the pole together, because Amundsen thought that Nobile claimed all the credit for Italy, he has forgotten all past differences and will risk his life in a hunt for the missing explorer. It would be a dramatic climax if it should fall to the lot of Amundsen to save his former opponent.

Ellsworth is expected from the United States shortly.

Progress Slow

LONDON, June 1.—Slowly the search for the lost dirigible Italia and its ill-fated occupants went forward today.

Spurred by the hope that General Umberto Nobile and his 17 companions are still alive, either in the air at the mercy of the elements, or seeking relief from snow and wind somewhere

Firm Selected For Postmaster At Grove City

(Special To The News)

GROVE CITY, June 1.—Official word is expected shortly by O. H. Firm, of his appointment as postmaster at Grove City. He has been unofficially informed that he has been named for the post by Congressman T. C. Cochran.

He will succeed Smith Mayers, as Grove City postmaster.

Tigers Attack Woman Tamer

(International News Service)

BANGOR, Me., June 1.—Cut and torn by the attack of two huge tigers at a circus here, Mabel Stark, tiger tamer, went back into the cage of the beasts for a second time and was struck down by the paw of one of the tigers. Attendants were able to draw her from the cage in safety.

The woman slipped as she first entered the cage and in an instant the other huge cat was upon her, ripping at her clothing with his claws. She made her escape after halting the animal for a minute by firing blank cartridges. She was recovering at a local hospital today.

BOUND FROM U. S. FOR AUSTRALIA

Here are four gallant fliers who are enroute in an attempt to fly from Oakland, Calif., to Australia in their huge three-motored plane "Southern Cross." They are Captains H. W. Lyon (left), navigator, and Kingsford Smith, pilto, both Australians, and Capt. C. T. P. Ulm, relief pilot, and James W. Warner, radio operator. Ulm and Warner are Americans.

The result of the election of six new members to the board of directors of the New Castle Chamber of Commerce is made public today by James W. Cole, the secretary, following a counting of the ballots which took place Thursday afternoon at the office of the chamber.

Out of the 12 candidates, John A. Butler, Walter W. Duff, P. J. Flaherty, Louis G. Genkinger, John H. Lamb and William F. Moody, received the greatest number of votes and are declared elected to the board, announces Mr. Cole.

Mayor Whacks Offender With Board Paddle

(International News Service)

DOVER, O., June 1.—Justice was meted out in a peculiar way today when Mayor P. J. Groh whacked Grant Johns four times with a clapboard for drinking alleged "canned heat." After "spanking" Johns, the mayor warned him that the next time he was arraigned he would be flogged publicly. Two years ago, Mayor Groh sentenced drink addicts brought before him to drink a gallon of water a day, until they no longer cared for booze.

Lindbergh Leaves California, Is On Mystery Flight

Col. Lindbergh Borrows Ryan Brougham For Flight Of Unannounced Destination

(International News Service)

LONG BEACH, Calif., June 1.—Flying a borrowed plane, Colonel Charles A. Lindbergh took off from here early today on another mystery hop.

Altering plans an hour before his departure, the "flying colonel" hopped off from the municipal airport at 5:36 a. m. for an unannounced destination.

Previously he had announced his intention of flying to Mills field at San Francisco.

With his own Ryan cabin monoplane undergoing minor alterations at San Diego, Cal., Colonel Lindbergh left here in the same Ryan brougham which he used while his new ship was being built.

He was accompanied on today's flight by Col. Henry Breckenridge, his attorney, and Major Thomas Lamphier, commander of Selfridge field.

Freighter Sinks After Collision

Fear Six To Nine Persons Lost As Result Of Crash Off Massachusetts Coast

BELIEVE SIGNALS NOT UNDERSTOOD

(International News Service)

VINEYARD HAVEN, Mass., June 1.—Misunderstanding of signals by the pilots of the freight steamship Kershaw and the passenger liner President Garfield caused the sea crash off the island of Martha's Vineyard early today, resulting in the sinking of the freighter and the loss of from six to nine of the men. This explanation was brought shoreward by those who put out to the scene of the collision off East Chop, some five miles north of this port.

Both ships were well lighted and the morning was clear and, it was stated, both vessels exchanged signals prior to the smash.

The man guiding the President Garfield probably prevented a larger loss of life by a masterly stroke of seamanship, as the keen edge of the bow of the passenger liner cut into the port side forward of the Kershaw the man at the wheel of the Garfield held her there for a few minutes to give those aboard the crushed freighter time to escape. When he backed away the Kershaw was ready to roll on her side. This she did and disappeared in 80 feet of water within the short space of 12 minutes.

Honolulu Ready With Great Welcome

(International News Service)

HONOLULU, T. H., June 1.—As the expected hour of arrival approached early today, an air of suspense pervaded the ever-swelling crowds who were swarming to Wheeler army air field to greet the four daring airmen who were winging their way to Hawaii on the first leg of an air journey from the American mainland to Australia.

Many of the air enthusiasts who flocked to the air field had remained all night in especially provided bleachers and pavilions, virtually devouring every morsel of news that told of the progress of the Southern Cross.

Message Says Plane Lands At Honolulu

Officials Expect Plane To Arrive In Honolulu In Short Time

ARMY PLANES TAKE AIR FOR ESCORT

Last Radio Message From Plane Says "We Are Lost"

(Bulletin)

(International News Service)

HONOLULU, June 1—Southern Cross lands at Wheeler Field, Honolulu, at 12:19 p. m., Pacific time.

(Bulletin)

(International News Service)

HONOLULU, June 1—Less than 150 miles from Honolulu the monoplane Southern Cross flashed to the Radio Corporation of America station here:

"We are lost. Radio battery went down. Please get ships with receiving sets to get our bearings on 740 wave. Will keep on going so they can track us. Signed KHAB."

This message was immediately followed by another, timed 6:51 a. m., island time, reading:

"Land is yet unsighted. We have mistaken clouds for land and sent message by mistake. We have sufficient gasoline left to last for four hours more."

At 6:35 a. m. the Southern Cross had radioed a message picked up by the Radio Corporation that they had sighted land.

Army planes now in the air to escort the trans-Pacific plane to the island took off immediately.

The interpretation of the latest message from the fliers here is that their receiving batteries have gone dead and hence the plane is "lost" as far as the radio beacon is concerned.

Officials are confident the plane has approached close enough to the islands to sight land soon, before going too far astray, as apparently from messages from the plane it had been kept to the radio beacon course up until the moment the batteries failed, probably between 100 and 150 miles from land.

Through the night it seemed clear, according to officials, that a course by navigation had been maintained supplementing the radio beacon.

HONOLULU, June 1.—Flying true to a radio course throughout the night, the crew of the Southern Cross, Honolulu-bound monoplane, sighted land at 6:35 a. m., island time, they radioed to 6XO, local amateur station.

No mention was made of conditions aboard the plane, but prior messages had stated everything was going splendidly aboard.

On the basis of the sighting of the Island of Oahu, officials at Wheeler

If days in June are so very rare, here's one and its surely a peach, it calls for a tome or a roundelay, or a well made, flowery speech. Its June today and the summer is here, at least it appears to be, and the air is balmy, the skies are clear and the weather is sixty-three. Its June today and a waiting world leans back with a satisfied sigh, for now are the days that a fellow can lay out under a cloudless sky. And the chilly days of the months gone past are forgotten, or will be soon, for the ideal weather is here at last, for the calendar says it is June.

Heflin Contends Millions Spent By Campaigners

Senator Heflin Charges Smith And Hoover Forces Expending Millions

UNABLE TO SHOW CONCRETE EVIDENCE

(International News Service)

WASHINGTON, June 1.—Although he was unable to submit concrete evidence of his charges to the senate campaign funds committee, Senator Heflin (D) of Alabama said today he was still convinced that millions of dollars were being expended in behalf of the Smith and Hoover candidacies.

In a lively session before the committee, Heflin admitted he was paid $150 each by the Ku Klux Klan for anti-Catholic speeches all over the country. He denied the money was paid specifically for attacks on Gov. Smith but said he usually mentioned Smith's name unless "I forgot it." He expects to get pay for similar speeches this summer.

Heflin resented the committee's questions that pried "into private matters," such as the money paid for his speeches, and warned the members he would watch their investigation closely to see whether they ran down his charges. He suggested a list of witnesses. The committee has not decided whether to call them. "I hope it isn't the office of the committee to protect Smith," he said.

Senator Dale (R) of Vermont described Heflin's testimony as "simple comment."

Two Democratic colleagues, Barkley of Kentucky and Bratton of New Mexico did most of the questioning of Heflin.

Start Probe Into Trolley Crash At Fithian, Illinois

Seven Persons Killed And Twelve Injured In Collision Of Interurbans

(International News Service)

DANVILLE, Ill., June 1.—An investigation was under way today to fix responsibility for the disastrous crash of two interurban cars which late yesterday killed seven persons and injured twelve others.

The collision occurred on the Illinois Traction system lines near Fithian, 12 miles west of here. The air brakes are said to have failed on a heavy steel eastbound limited car, sending it through the front end of a westbound local, made of wood.

The westbound car as making its way toward a siding to allow the limited car to pass when the crash occurred, most of those killed were passengers in the wooden local car, the steel construction of the limited saving many in that car.

At the best, daily journalism is a hurried thing, and at times, a dolt of a reporter or proof reader will let a flagrancy slip through. However, when the mass of material that is gathered each day is considered, the percentage of accuracy is astounding. At one school of journalism, statistics were compiled, showing that the average newspaper is 92 per cent accurate. And Pa Newc wonders if a large number of the text books and magazine articles turned out by the professors can come up to this standing.

Four Story Apartment House In Brooklyn Damaged By Flames Early Today

(International News Service)

NEW YORK, June 1.—Fire in a tenement house near the Brooklyn end of the Williamsburg bridge took a toll of two lives and resulted in the injury of three persons here today.

Breaking out in the ground flood of a four-story structure, the flames quickly enveloped the building, trapping Phillip Salant, 27, and his wife, Rose, 28, in their bed room.

Other occupants escaped by jumping from windows or scrambling down the fire escape. Police and firemen aided in the rescue of many.

Toledo Slayer Is Held For Court By Grand Jury Action

Slayer Of Little Dorothy Sielagowski Faces First Degree Murder Charge

(International News Service)

TOLEDO, O., June 1.—While the largest crowd to ever attend a funeral here was viewing the services for little 7-year-old Dorothy Sielagowski this morning, the regular June Lucas county grand jury returned an indictment of first degree murder against Charles J. Hoppe, who according to police, confessed her slaying.

The action of the jury was announced at 10:55 this morning by the foreman, Charles A. Shipp. Prosecutor Leroy W. Hunt announced that he would seek conviction of Hoppe on the charge and would ask that he be sent to the electric chair.

Hundreds of the morbidly curious sought last night and this morning to view the body of the victim of Toledo's most brutal crime. A line four abreast and two blocks long was maintained for hours.

The funeral service for the little girl was held at the St. Edwards Catholic church and burial was in the Calvary cemetery.

It was thought that Hoppe will not be brought to trial before three weeks, due to the Ohio laws which require time for drawing a jury panel.

LOWDEN CAMPAIGN EXPENDITURES ARE TOLD TO COMMITTEE

(International News Service)

NEW YORK, June 1.—The Lowden presidential campaign committee in New York state has collected $2,173.20 and expended $2,113.20, Thomas Moffatt, secretary of the former Illinois governor's local campaign, testified this afternoon before the senate campaign funds investigation sub-committee meeting at the Pennsylvania hotel.

Steel Industry Outlook Is Good

(International News Service)

JOHNSTOWN, Pa., June 1.—"The outlook is good despite the general depression at present," was the view expressed by Eugene C. Grace, president of the Bethlehem Steel Corporation concerning the steel situation. President Grace with other officials inspected the Cambria Steel Works here yesterday.

AMUNDSEN WILL LEAD EXPEDITION TO HUNT NOBILE

(Continued From Page One)

on the Polar wastes, four nations have joined in backing relief expeditions.

Sweden is to put all available seaplanes at the disposal of the searchers. A Norwegian expedition in the form of the ice ship Hobby with a seaplane to be piloted by Lieut. Holm, is en route for Spitzbergen. Another ship will leave Bergen today for the same destination bearing Captain Hjalmar Riiser-Larsen, who piloted the airship Norge over the North Pole in 1926.

Soviet Russia has dispatched the ice ship Abo with a seaplane aboard to search for the Italia. The Citta Di Milano, now back at King's Bay, is equipping foot expeditions which will start where the dirigible was last heard from.

More than seven days have passed since the grim silence of the Arctic swallowed up the Nobile expedition after the Italian dirigible had made a daring flight to the North Pole. Hope has not yet been given up, however, as much faith is placed in the daring and resourcefulness of the members of the dirigible's crew.

MILAN, June 1.—A dual-motored seaplane similar to Commander De Pinnedo's Santa Maria, in which he touched three continents last year on his famous "good will" flight, will leave for King's Bay, Spitzbergen, soon to search for the lost Italia, it was learned today.

The plane will carry two men, a pilot and a radio expert. Neither of these has been chosen as yet. Premier Mussolini ordered the plane at the request of the Milan relief committee.

MOSCOW, June 1.—The Nobile relief expedition of the local Archangel Soviet has been abandoned, said a dispatch from that city today. The icebreaker the Archangel authorities purposed to send out to search for the Italia was so badly damaged in a recent accident it will take months to make repairs.

Advice from Moscow and Leningrad on Wednesday said that the ice breaker Abo, carrying a seaplane, had left Archangel to search for traces of the Nobile expedition.

MANY WEAR GLASSES
To Improve the Features
Why should those who NEED them hesitate to wear them?
GLASSES, admittedly DO improve many faces. Expertly fitted, glasses can compensate for many shortcomings in the "build" of the features. Glasses can apparently widen space between the eyes; they can lengthen the face or shorten it; they can give an appearance of fullness to the face or make it look slimmer—according to the type and style frame or mounting. Let Rosenthal fit you with glasses that grace the face, and improve the sight—and eliminate physical ills.

PENNSYLVANIA MEMORIALS IN FRANCE

MAYOR MACKEY of Philadelphia was the orator of the day at the dedication of the World War memorial to the State of Pennsylvania in the Romagne cemetery of the Argonne, France on May 30.

In that spot are the remains of 14,000 American soldiers who gave up their lives for their country and for humanity. It was an impressive occasion in every way. On the previous day Pennsylvanians under the leadership of General Price dedicated a memorial bridge at Fismes, also in honor of the deeds of the boys from the Keystone state.

It is not possible to say too much of the valor of the Pennsylvania soldiers in the World War. They responded in large numbers, and their behavior won golden opinions from all sides. M. Tardieu paid the visitors the compliment of speaking in English, and told our representatives that the bridge was not only an imperishable monument which would ever recall their combats, but assured them that the French would guard it as a gift of the most precious friendship they had ever known. This was not mere lip service; it was a genuine expression of the mutual regard which the men of both nations hold toward one another.

Among the men who participated in the dedication of the bridge were many who had been wounded in the action which took place at that point. But wherever our men were they gave a good account of themselves. In the midst of tangled wires, in the marshes, always fighting, the soldiers of the Twenty-Eighth Division were given what a French commander called "the high seat of honor." Many of those present at the ceremonies must have recalled the day when, facing Fismes, they completed the capture of the town.

It was no idle compliment when it was officially announced that "this division—the Twenty-Eighth—is second to none in the entire American Expeditionary Force." It is fitting that it should be embalmed in the memory of future generations by the memorial in the Argonne cemetery and by the bridge at Fismes.

CUSTOMS

MOST everybody has wondered where the customs of shaking hands and lifting the hat originated. The question of origin has probably been inspired by thoughts of the futility and uselessness of both customs.

One theory of the origin of the hand-shaking custom is that prehistoric man proffered his right hand to the passerby to indicate that he had left his club at home and was bent on some peaceful pursuit. The custom has deteriorated to a less significant salutation.

The custom of lifting the hat is supposed to have originated when knighthood was in flower and armored knights raised the visors of their helmets upon passing a lady that they might the better see and be seen.

But today one is more apt to hear "tip the hat" than "lift the hat." Is there any relation between this and the fact that men now touch their hats to a lady, whereas they formerly removed their hats entirely with a grand flourish? Customs are subject to change, although most of them survive in some form or other for centuries.

The Parisians—reputed to be the most gallant and courteous of men—are said to be welcoming with a zest a league against hand-shaking in process of organization in France. It recalls the spontaneous public approval given to suggestions to abolish the traditional white house hand-shakings in the Harding and Coolidge administrations.

FILCHING RIDES

EVERY mode of travel has its parasites. At sea it is the stowaway, and his tactics have remained the same from the era of sailing vessels down to the modern liner and the days of restricted immigration. On land there has been more variety. Thirty years ago the railroads were the main highways for the hobo, who was content to view the country from a freight car door. Once these wanderers were numerous enough to be a pest to train crews. Now they are heard of occasionally, sometimes being listed as "unknowns" among the victims of a freight wreck, but they have mostly disappeared.

Have they taken to the automobile? With their instinct for wandering, they may have seen that the great state and national systems of highways offer them the best opportunities. They depend on the good will of the autoist to "get a lift," and on the long stretches, away from the populous districts, they are generally successful.

The spread of this habit of accepting or soliciting rides is an imposition on the good nature of auto owners. Their real object, of course, is to save carfare home. The whole thing amounts to a petty hold-up and should be stopped. The hobo's way of stealing a ride does not differ so much after all from the more up-to-date method of begging a ride.

Hints and Dints

Sun sets tonight 7:24. Sun rises tomorrow 4:31.

A young lady told us yesterday that the only thing she liked about her job was the pay check she got on Saturday night.

There are people who are foolish enough to think that there are truthful liars and honest thieves.

The United States Senate and Congress have adjourned, but the people of America face the peril of political conventions in June.

Fly season came early this year around the North Pole.

Fire from a cigarette set fire to the bed a man was sleeping in at Bluefield, Va. and the fumes from the burning bed smothered the man to death. Yes, it was the cig he was smoking himself which caused his death.

TODAY'S STORYETTE

A taxi-driver charged with using violent language protested that the complainant, a woman, was "no lady."

"Indeed," said the magistrate, "I wonder if you know a lady when you see one."

"Of course I do," answered the driver, indignantly. "Why, only the other day I saw one; she gave me a pound note for a shinning fare and walked away. 'Ere mum,' I says, 'what about your change?'

"'Don't be a blinkin' ol' fool,' says she, 'keep it and get drunk enough to kiss your mother-in-law.'

"Now," he ended abruptly, "that's what I call a real lady."

The Congress just adjourned put about one thusand new laws on the statute books. And a great many of us including lawyers, do not know much about the thousands of laws that were already on the books.

It would be more fun running into debt if it wasn't for the fact that we have to crawl out.

Equal rights are more comfortable for the men, especially in the trolley car.

Congress appropriated over four billion dollars in the session just closed. This is about forty dollars for every person in the United States. Get ready to pay your share.

A western scientist has observed, or at least so he claims, that during the periods when sun spots are most pronounced the corn crop suffers. If we are to obtain real relief for the farmer the astronomers ought to get together with the legislators.

A noted tenor singer says song is a good thing in reforming criminals. If you ever hear a burglar in your home at night, just burst into song and see what the burglar will do. We have known what is called singing to make people do criminal acts.

We always sort of believed that the man who can't fight is the one who flatters.

Chemists, we understand, are working on a scheme to combine nickel and cobalt for use in certain diseases. Looks as though they might be preparing something to combat softening of the brain.

A noted lady who is a United States district attorney and who has had much to do with the prosecution of liquor law violators swore that a former prohibition director who got a salary of less than ten thousand dollars a year deposited at one time $65,000 and at another time $90,000. Maybe he had a saving wife.

A little hanging now and then will oft reform the worst of men.

Every time some fellows hear about eighteen barrels of beer being dumped into the sewer they feel as though they would like to be one.

Ellwood City finished a Community Chest drive a few days ago and two or three thousand dollars more than was called for was subscribed. People and industries like to locate in cities that look after their civic affairs in that kind of an efficient manner. That's real advertising for a town.

It will be interesting to learn who will profit most by the taking of the tax off automobiles. It means the sale tax only, don't forget.

We know the reason so many men would rather play golf than work in a garden. Working in a garden is a thousand times harder work.

It is because no one agrees with them that some men know they are right.

There's nothing in signs. Fifty years ago a dog in the house indicated poverty.

There are men who think other men are as crooked and mean as they are, no man could be.

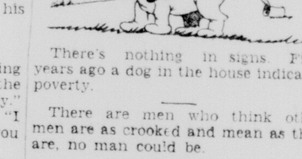
A police court judge in New York always soaked automobile law violators the limit when they were brought before him. His wife was arrested for violating half a dozen automobile laws a few days ago and taken to a court not ruled over by her husband. A great many haw haws were heard and everybody expects to see her get soaked. When the hearing she asked for takes place.

"Food prices can't come down while we have prohibition," says a well-known restaurant man. Perhaps not, and, as we recall it, they didn't come down when he didn't have prohibition, either.

We are inclined to be just a little sniffy over that story of a scientist who has captured a beetle worth $1000. We don't believe any beetle is worth a thousand dollars; if it were, it wouldn't be a beetle.

The intelligentsia, we read, is (or are) committing race suicide—probably, in view of the thought involved, "are" would be the proper word. However, whether it is or are, we're not going to get all stewed up over the possibility. So far as we are concerned, we wouldn't feel greatly concerned if someone should feed the intelligentsia rat poison right now.

A California lady could not get along with her husband so she went to England to get a divorce. She ran out of money over there and she dressed as a man and shipped as a stowaway in a ship sailing for America and of course got pinched when she tried to land. It may be by this time she does not care what happens to her. Anyhow it don't look like she had an affinity waiting on her anyhow.



Men still drink, but how long since a stranger has volunteered the sad story of his life?

Picnics are already in order. We have noticed quite a few parties eating their lunches along the road side in the cold and unpleasant weather we have been having. Anyhow, there are no flies and skeeters out looking for blood yet.

Capital punishment should be abolished in murder cases and reserved as special punishment for the men who persist in calling a girl a "skirt" or a "jane."

There are people who sue automobile drivers for running over them and hurting them and get money from them for the injuries inflicted and these same people turn right around and spend this same money with which to buy an automobile for themselves. Some would never get one any other way at that.

CAUTION

Bored Friend (to very cautious driver): "I say, don't you find it thrilling to sit gripping the wheel while the kids on scooters whiz by!"

A protest is being made in Allegheny county against the use of stuffy and dirty garages and old buildings as objectionable places in which to hold elections. There are a lot of things that are objectionable about elections, but this same thing is one of the things that should also be remedied in Lawrence county.

A new estimator in a contractor's office said to his boss, "Say, I've added these figures up ten times."

"That's fine," exclaimed the boss.

"Yes," said the estimator, "and here are the ten answers."

WE WOULD TOO

Now he is dead. His body lays moulding beneath the sod. And I killed him—slit his throat—how the blood spurted out—the look in his eyes.

Listen, stranger, I'll tell you about it. He was my best friend, my roommate, generous to a degree. I wore his shirts, his ties, his tux, everything that was his was mine for the asking. Then one night he came home late, his eyes were shining, with forbidden lights. He told me of a party he'd been on. He met a chorus girl and she had invited him to a warm little party in a hot little apartment. After the rest of the crowd had gone home she had snuggled up to him, he said, and had turned off the lights. It seems that she could see better in the dark.

"And Jack," he said, "do you know I think I could have kissed her."

And so I killed him.—Ski-U-Mah.

Democracy, we understand, is losing ground in Europe. The statement won't be of much interest to the majority of our fellows who went over there to fight. Few of them will admit that they were risking their lives for democracy; most of them went over to lick Germany.

There is a married man who poopoos the idea that dreams come true. The other night he dreamed he was a bachelor and it was tough to wake up.

Thrice Happy Chows.
Congress Is Dead.
Threatening Ladies.
The Three-Car Family.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

From his high tower Teufelsdroeckh saw interesting things—the widow knitting for a livelihood, gamblers over their rouge et noir, peasants from the country, condemned cells, where murderers sat listening to hammering on the gallows.

It is less romantic looking down from New York's Ritz tower over buildings where a few live with millions and farther east and west where millions live on little.

But one roof top early Wednesday morning might have interested the angel Gabriel who writes what we do.

The roof was divided by neat green fences into playgrounds and there you could see at play, rolling and tumbling over each other in the bright sunlight happy chow dogs, breathing good air, far above automobile fumes and dangers, enjoying the sun's health-giving actinic rays.

To the east and west children were playing in the gutters, dodging trucks, breathing in gas from exhaust pipes. No playgrounds for them on roofs. Their fathers pay low rents. It would not pay to fuss over them.

Writing more about that, you could drift in "Bolshevism."

It is some comfort to know that the King's horse recent winner of His Majesty's first "classic" race in several years was treated all winter with artificial actinic rays. Also in London actinic ray treatment is given to valuable apes that do not like the British climate.

In the way of real news to interest a practical nation nothing much worth while.

The usual music and flowers for Decoration Day, with very old survivors of the Civil War proud to parade and the younger men proud of their golf scores.

No news from the brave Italian Nobile. But hope is not abandoned. The Russian government will join the search for him, so that the two extremes of theory in government, Sovietism and Mussolinism both alike in autocratic absolutism, are united in good works.

Congress is dead for the present. The House adjourned cheering Longworth, the Senate acclaiming Dawes. Dawes—both especially Dawes material for the Republican nomination "if anything should happen to Mr. Hoover's friends plans."

Some ladies united in politics raise a warning finger saying to the G. O. P. pachyderm "If you don't nominate Hoover we shall leave our party and vote for Smith."

They remind you of the bitter little boy who said he was going into the garden "to eat worms."

Big business news in the Chrysler-Dodge automobile merger. One or two more combinations and four or five concerns would make all the cars. A thoughtful publisher says "That would be bad for advertising." But it might not be.

Today's task is to make a "two-car family" of the "one-car family" and of the "two-car family" a "three-car family."

That can and should be done. But it calls for advertising which is auto-suggestion in the mass.

Twenty-four million automobiles are running in America. At least 10,000,000 more are needed. That calls for intelligent advertising.

On the tomb of grand old Baron von Stein is written: "The last of his knightly race which had ruled on the Lahn for seven hundred years; humble before God, high hearted before men, an enemy of untruth and of injustice."

You should read the chapters on his life in Andrew D. White's "Seven Great Statesmen."

Justice in New York has written a different epitaph for the famous Whittemore gang. Mate Weinzimmer last of that tribe which ruled in various slums, will go to jail for about 40 years. Richard Reese Whittemore the leader was hanged in Baltimore not long ago. Milton (Shuffles) Goldberg is in jail to stay 20 years "Baltimore Willie" Unkelbach and Leon and Jacob Kraemer are with Goldberg in Dannemora prison serving 40-year sentences.

These sad facts are printed to let young men know that crime really does NOT pay.

Constantinople reports dissatisfaction with the new Turkish marriage law which limits each man to one wife officially.

Similar dissatisfaction is indicated in divorce court proceedings here. Our civilization has changed "only one at a time."

Mrs. Carrie Chapman Catt tells a gathering of Orthodox and Hicksite Quakers: "There is no such thing in modern times as a war of self-defense."

Had the Quakers caught someone stealing an automobile after the meeting she would have seen an imitation of such a war. Mrs. Catt thinks war has practically reached its end "like the opposition to prohibition."

Optimism is woman's loveliest characteristic.

The manufacturer of modernistic furniture must have trouble deciding whether to call it an easy chair or a magazine rack.

Senate Republicans line up solidly in favor of lowering the tax only on incomes above twenty thousand, and that seems to leave no doubt about where the money is.

THE TEST

Out in California the doings of two alleged Hindoos have been investigated, and while the results of the investigation make good newspaper copy, the effect upon the public mind is not very satisfactory.

These Hindoos profess to teach a profound wisdom and the science of God, under cover of which it is insinuated they are making money and disrupting homes.

One enfaged husband, not satisfied with the treatment his wife was getting from the Yogis, socked one of them on the jaw.

Over in China they have groups of bandits who style themselves brothers of the white lily or members of the brotherhood of universal love, or something of that kind, and who are engaged in murder, pillage and robbery.

It seems strange that some of the most nefarious actions are cloaked with a semblance of a devotion to God. In former times they used to torture heretics, fill their ears with hot lead and otherwise maim them all in the name of religion.

There is one test for every scheme, no matter how high sounding or appealing it may be, no matter whether it advertises itself to be for the love of God or not. That test is the humanities.

Does a thing help men and women or does it deprive them of their liberties, outrage their bodies and inflict upon them torture?

The test of everything is how it affects human beings.

No matter how high sounding or divine a scheme may be, if the eventual effect of it is to extort money, to offend the sense of decency, or otherwise to inflict injury upon people, the scheme will not stand.

The humanities after all are the final test.

The best proof of the authority of Christ is the fact that when His teachings are obeyed and followed in the letter and in the spirit people's condition is improved. It makes them better members of the family and better citizens.

If the result were to stultify human beings, no amount of argument could buttress those teachings.

If a person is torturing a child or robbing a man or insulting a woman all in the name of God, then his idea of God is wrong.

THE AIR MAIL.

Perhaps Author Brisbane will take the credit to himself but somehow it seems that a young man of the name "Lindbergh" has had something to do with it, the American Airplane is an up and coming child.

Benjamin Franklin Mahoney is busy making replicas of the "Spirit of St. Louis." He told me that he had delivered seventeen in April and expected to deliver eighteen in May. He hopes to be making one a day soon. His Ryan Monoplane is a mighty well finished article. The Mexican Flyer Caranza took the delivery of one on Thursday, May 24th, immediately filled the gas tanks and flew off for Mexico City where he safely landed the next day. It was a non-stop flight from San Diego, California through very adverse conditions.

Now comes the announcement by Postmaster General Harry S. New that the air mail is carrying nearly 3,000 pounds a day. Mr. New spoke before a Conference of the National Association of Commercial Organization Secretaries meeting in conjunction with the annual gathering of the Chamber of Commerce of the United States and said:

"Sixty-three of the most important commercial cities of the Nation are within the confines of a network of air lines, leaving only a very few of any prominence to be hooked up later.

Twenty-two routes are in operation, and five others are under contract and scheduled for operation during the current year, bringing the total mileage of the air mail system up to 12,550. Two additional routes with a mileage of 1,350 are under advertisement and contracts will probably be let during the year.

"At the present time air mail pilots are flying every day a total distance of 22,110 miles and carrying on an average of 5,700 pounds of air mail daily. Several thousand miles will be added when the other routes are placed in operation so that the end of the year will find pilots flying with mail close to 30,000 miles every day of the year.

"Viewed from every angle, including the fact that most of the mail lines are self-supporting and are growing on their own merits, and the fact that it has required only ten years to reach this condition, the aspect of commercial aviation is extremely gratifying."

Just like the automobile. Europe makes a few but for mass production—well, what's the answer?

Have you seen and read that remarkable advertisement of the Ford Motor Company, "Tireless Wings." That is the answer.

FOR DICKY

She found him dead within his cage,
His little body worn with age.
And sobbing to our room she fled,
Shouting and shrieking, "Dicky's dead!"
Dicky, the bird that used to be
The playmate of our Marjorie!

How many memories now are stirred!
We've always called him Marjorie's bird.
For Marjorie loved him long ago
In those glad years we used to know.
And then came sorrow's cruel sting
And little Dicky ceased to sing.

All through the years he seemed to be
A link twixt us and Marjorie;
A memory of that happier age
When oft she played about his cage,
But time went on and Janet came
To play with him and call his name.

Oh little Dick, of golden song,
The end has come, we've dreaded long!
But Janet weeps for you today,
And with a sigh we turn away,
And pray, if such a thing can be
That you have flown to Marjorie.

HAMILTONIAN

Alexander Hamilton left a profound impress upon the American government. He did not have his way altogether, but he kept Jefferson and other advocates of popular rule from going as far as they wanted to go in democratizing the government.

Hamilton hadn't much respect for "the people." In the Federal Convention on June 18, 1787, he said:

"All communities divide themselves into the few and the many. The first are the rich and well-born, the other the mass of the people. The voice of the people has been said to be the voice of God; and, however generally this maxim has been quoted and believed, it is not true in fact.

"The people are turbulent and changing; they seldom judge or determine right. Give, therefore, to the first class a distinct, permanent share in the government. They will check the unsteadiness of the second, and, as they cannot receive any advantage by a change, they therefore will ever maintain good government."

* * *

This from one of the founding fathers is a bit shocking to a believer in democracy. But Hamilton wasn't a believer in democracy, and he was honest and straightforward in saying so. He believed the well-born could rule better than others, especially if they were rich. He was so far from being well-born and rich himself that his father, a bankrupt, was not married to his mother. But he was aristocratic by nature, and he had little faith in common folk.

James Truslow Adams has put together into a book an illuminating collection of Hamilton's writings and speeches. The book is called "Hamiltonian Principles" and it ought to be read by those who are interested in the American government and how it came to be what it is.

* * *

Said Hamilton: "It is admitted that you cannot have a good executive upon a democratic plan. See the excellency of the British executive. He is placed above temptation. He can have no interests distinct from the public welfare. Nothing short of such an executive can be efficient."

If Hamilton had prevailed we would have had a monarchy long before this. If Jefferson had prevailed we would have had popular government carried to a greater extent than most Americans are accustomed to think about. Compromise gave us the excellent form of government we now enjoy.

Retires Today After 50 Years' Railroad Service

L. H. Gormley, yard conductor on the Pennsylvania railroad, retires from active service today after over 50 years of railroad experience, 33 years of which was spent in the yards of New Castle.

Mr. Gormley was born and raised in New Castle, his parents being T. P. and Emily Gormley.

One brother, Lincoln, was killed in an accident at Mahoningtown in 1879 and his older brother Harry, who died several years ago, was general yardmaster for several years.

He has two sons in railroad work, J. A. Gormley is joint car service agent at New Castle and Perry is employed as a boilermaker on the B. & O. railroad.

The Way OF THE World

TALK, TALK, TALK

There is nothing more wearisome than talk. Some people are sadly given to the production and distribution of mere talk. What they have to say could be disposed of in one hundred or perhaps fifty words, but they go on and on to the extent of thousands. There seem to be two principal reasons—first a love for the sound of one's own voice, and second, a failure to understand human nature sufficiently to sense the fact that the listener is not interested.

* * *

MISTAKES

All worry, of course, is useless, but if there is one kind that is more useless than another it is worry over mistakes that have been made and cannot be corrected. Once you have done something that can't be undone, the only normal thing is to check it off and think of it no more. When you have to answer for the mistake, meet the situation as best you can.

* * *

WHERE FROM?

Do we sometimes wonder where the highest and finest impulses of men and women come from? If there is no such thing as a creative force in the universe, and if we are all just accidents, where do we get the hopes and aspirations and ideals that characterize even the worst of us? Somebody has said: "We come from a world where we have known incredible standards of excellence. And we dimly remember beauties which we have not seized again. And we go each to that world."

* * *

RESPONSIBILITY

The natural riches of America put a heavy responsibility on our shoulders. With but seven per cent of the world's population, we originate and control 40 per cent of the world's mineral production. One might go on with other figures to show that with what we have been given by nature we cannot shirk our duty in the matter of world leadership.

To Pour Concrete On East Brook Road Next Week

Travel Still Allowed Over East Brook End At Traveler's Risk

Pouring of concrete will be started on the East Brook-Volant road some time next week and it will take about four weeks to pour the road, according to H. E. Golder, contractor on the job.

The pouring of concrete will be started at the farther or northern end of the new road and the work will proceed southward until it joins with the macadam road at East Brook. Thus traffic will be allowed for some time yet on the East Brook end of the job, but those using the route do so at their own risk for it has been officially closed to traffic and detours established for several weeks.

Irish Free State Accepts Proposals For Outlawing War

(International News Service)

WASHINGTON, June 1.—Qualified acceptances of the United States' draft treaty for the renunciation of war were recieved today from the Irish Free State and New Zealand.

The attitude of the two governments within the British commonwealth is the same as that outlined in the English reply ten days ago. Both express cordial sympathy with the project but stipulate that nothing in the proposed treaty shall infringe upon existing treaty obligations and privileges under the League of Nations covenant.

Pepper Refuses Chairman Post

Commencement At Mt. Jackson School

Fifteen Students Finish Course And Receive Their Diplomas Last Night

Fifteen diplomas were awarded to graduates of the North Beaver township high school at commencement exercises held in the Mt. Jackson high school building last night. There was a large crowd in attendance. Address of the occasion was given by W. H. Wentzel of Vicksburg, Pa., head of the state humane educational system.

The graduates were Birda L. Bright, Susanna Broadbeck, G. Lorring Casto, Lenore May Dickson, Grace Eckman, August Greider, Elizabeth A. Klamar, Helen Lapish, Ruth McClelland, William W. Patterson, Roberta Shellenberger, Richard C. Sherer, Josephine Snyder, Josephine Wallace and Helen M. Witherspoon.

Diplomas were awarded by B. J. Gibson, president of the North Beaver township high school.

Preliminary exercises began last Sunday with a sermon by Rev. McNeill of Bethel U. P. church.

Graduating exercises for the eighth grade class of the school were held on Wednesday evening when certificates of promotion were present. This was followed by awards for athletic attainment and perfect attendance.

On Tuesday evening a play, "The Belle of Barcelona", was given. The operetta had a Spanish setting and was presented under the direction of W. H. McCullough, musical director.

Finish Concrete On Edenburg Road

Road Will Be Open To Traffic In About Two Weeks

Concrete has all been poured on the Edenburg road and work is now being finished on the berms and other work. The road will be opened for traffic in about two weeks, according to H. E. Golder, contractor on the job.

This road was started last season and the winter set in before they could finish the last half mile. But last month work was resumed on it and it has been completed but traffic will not be allowed over it until it has had an opportunity to set, which generally takes 21 days.

Executive Meeting

Monthly meeting of the executive committee of Lawrence County Christian Temperance Union was conducted Thursday afternoon at 2:30 in the Y. W. C. A. parlors with the president, Miss Margaret Walker, presiding.

After the devotional period led by Mrs. Jennie Forquer a letter was read from the state W. C. T. U. president, Dr. Ella George, urging all unions to meet for a day of prayer before the national convention.

All members of the executive board were asked to send a list of names to those in charge of the banquet to be held in the First Christian church on June 2, when John D. Pennington, federal prohibition officer of this area will be the speaker.

Announcement of the mid-year institute at Clarian, Pa., in July, was made by the president. All the executive officers and Mrs. Jennie Forquer, superintendent of prison reform were invited to attend the 90th birthday anniversary of Mrs. E. J. Pattison of the Youngstown road on June 15. Mrs. S. E. McCleary was present and gave an interesting talk on the Union Signal.

RADIO GOES BAD AS PLANE NEARS ISLAND, MESSAGE

(Continued From Page One)

Field believed the Southern Cross would land within the next hour.

Land Is Sighted

SAN FRANCISCO, June 1.—The Southern Cross sighted the island of Oahu at 6:35 a. m., island time, according to a flash picked up by Radio Corporation of America's station here. The message was signed by "KHAB", the Southern Cross' signal letters.

Nears Honolulu

SAN FRANCISCO, June 1.—The Southern Cross, trans-Pacific monoplane, was "well within 200 miles of Honolulu" at 8:50 a. m. (Pacific coast time) today, according to a radio flash to radio station 6ARD of the San Francisco Examiner, signed by Charles Ulm, co-pilot.

The message read: "Everything fine, motors perfect. Well within 200 miles of Honolulu. Expect arrival in less than three hours. Ulm, Southern Cross."

The message was followed three minutes later by another radio message stating that the Southern Cross was aided by a strong tail wind and would probably land in Hawaii before 11 o'clock, Pacific coast time.

SAN FRANCISCO, June 1.—The Southern Cross, giant tri-motored monoplane, 23 hours out from Oakland, Cal., today was nearing the end of the first hop in its ambitious effort to link the continents of North America and Australia by air.

At eight a. m. the plane was believed to be less than 300 miles from Honolulu—the first objective of the projected 7,800-mile trans-Pacific air journey.

In Touch With World

Keeping constantly in touch with both San Francisco and Honolulu by radio, the big plane and its four passengers was able to keep the world informed of its progress.

"All fine—everything okay—motors working perfectly," was the reiterated message of confidence that came from the plane's radio at frequent intervals through the night and early today.

The plane's commander, Captain Kingsford-Smith, reported by radio that he hoped to make Wheeler Field, Honolulu, by 10 a. m.

As the plane's load of gasoline diminished its speed was picking up, although there were indications that the pilots were conserving their fuel by keeping a steady speed rather than attempting to establish a speed record.

Nearing Island

SAN FRANCISCO, June 1.—Despite the fact that the Southern Cross, Honolulu-bound monoplane, was approximately 1,900 miles from San Francisco, its short wave radio continued today in direct communication with the San Francisco Examiner short wave radio station.

At 5:30 a. m. the station received a message from the plane saying:

"We are calling station in Honolulu, trying to get them on 28 meters. See you later. Everything o. k."

At 6:16 a. m. the plane radioed its position as latitude 25.20 north; longitude 151.45 west, less than 400 miles from Honolulu.

Because the fliers have requested an opportunity to spend a period of rest immediately following their arrival, the reception at Wheeler Field will be short and simple. After brief official ceremonies the airmen will be escorted to the Royal Hawaiian Hotel in Honolulu, where a suite of rooms has been placed at their disposal.

U. S. Fleet Ready

Vessels of the United States battle fleet will stand by in the harbor, ready to render any assistance necessary.

Shortly after their arrival here the fliers plan to take their plane from the army field to Barking Sands Field at Kauai, whence they intend to hop off for the island of Suva on the second lap of their flight.

The fliers' confidence of success was mirrored in a message, addressed to Governor Farrington of Hawaii by the fliers, and intercepted here by station 6ARD of the San Francisco Examiner.

"To Governor Farrington," the message stated. "Coming to see you on the Southern Cross."

Half Hour Suspense

SAN FRANCISCO, June 1.—After a day and night of monotonous flying, enlivened only by a half hour's suspense on the part of mainland watchers, the huge Fokker monoplane, "Southern Cross", was spinning its way toward Honolulu early today on the first lap of its 7,800-mile jaunt to Sydney, Australia.

The half hour's suspense over the fate of the fliers was experienced here last night when shortly before midnight the radio of the Southern Cross became silent.

Suddenly came this reassuring flash:

"All well now. Will try 600."

Previous to the radio's shutdown—all yesterday afternoon and during the early evening hours—came with unfailing regularity the cheering message:

"All ok!"—"All ok!"—"All ok!"

In fact, the plane had been progressing so smoothly that once this message was radioed:

"It's getting monotonous."

Aboard the plane are Captain C. E. Kingsford-Smith and C. T. P. Ulm, Australian co-pilots; Harry W. Lyon, navigator, and James W. Warner, radio man. The latter two are Americans. Captain Kingsford-Smith was at the controls when the plane took off.

Navigators followed the course of the craft from the regular radio messages and described it "like an arrow from the string of a master bowman". Throughout yesterday and last night the Southern Cross flew a true course, boomed across the limitless sky as straight as the trans-Pacific cable on the floor of the sea below.

Marvelous Demonstration

The constant radio communication maintained by the craft amazed the world. It was heralded as the best demonstration of its kind in aviation history. And while experts marveled at this, they commented on the splendid navigating ability shown by the fliers.

Only once did they experience the thrill that comes to those who defy death and glimpse defeat. Kingsford-Smith told about it in an exclusive message to the San Francisco Examiner and International News Service.

It came shortly before eight o'clock last night. Nine hundred miles of sea was behind the plane, before it 1,500 miles of darkening water. Kingsford-Smith looked at his gasoline gauges. They showed the fuel supply diminished far beyond the expected point.

"Then we thought," he said, "that our gas would not hold out." Anxious minutes followed. And then "we found it was all due," he continued, "to failure of the gauges to register. And all is o. k."

From the experience, the crew turned to marveling at the sight around them—sunset in mid-ocean, seen from above the clouds. It was at 8:24 that the sun dipped beyond the horizon and left an additional danger element in darkness, which engulfed the plane. That didn't worry Kingsford-Smith and his companions. They enjoyed the view.

"One can't help marvel," they radioed, "at the splendid sight of clouds rolling below—solid clouds beneath us, and the sky turning to a pale hue in the west."

Two More Bodies Are Taken From Mine At Mather

(International News Service)

MATHER, Pa., June 1.—With two more bodies removed from the Mather colliery which was wrecked by an explosion recently killing 193 miners, the total number of bodies recovered from the workings is today 189. Red Cross headquarters have been moved from Mather to Waynesburg.

HUSBAND DIES AND WIDOW IS JAILED

MULLENS, W. Va., June 1.—Charged with poisoning Tolison Graham of Basin, Wyoming county, Durel McKinney was arrested and committed to jail under an indictment returned secretly by the Wyoming county grand jury.

Mary Graham, widow of the dead man, was held without bond as a witness to the alleged poisoning.

Authorities said that Harry McKinney, 14, a brother of the accused man, told them he saw his brother and Mrs. Graham mixing poison into moonshine. Graham died, he said, after taking a drink of the liquor. W. I. Mills, father of Mrs. Graham, was also held as a witness.

Boston Gets Ready For Celebration Of Its 300th Birthday

(International News Service)

BOSTON, June 1.—The most recent step in the preparations for monster celebration of the city's 300th birthday in 1930, was the asking of English authorities to send Mayor Malcolm Nichols, a copy of the birth record of the founder of Boston-town, William Blackstone.

A photostatic copy of the page in the book whereon was written on March 5, 1596, the baptismal of Blackstone will be made and sent to Mayor Nichols. The book is the paris record of St. Mary's Episcopal church, Harncastle, Lancashire.

Blackstone was the first resident of Boston and when groups of other settlers came here, he departed for Rhode Island, saying that Boston had become too crowded. Eventually he returned to Boston and married a Sarah Stevenson of this city.

Many settlements throughout the Bay State Colony were named for Blackstone and the names still are in existence.

Rural Carriers To Make Survey

(International News Service)

HARRISBURG, Pa., June 1.—Rural mail carriers throughout the state today will begin a pig and lamb survey on representative farms along their routes. The work will be done in co-operation with the federal-state crop reporting service.

Questionnaire cards were sent to all postmasters in the state asking them to give them to the rural carriers. Carriers in turn have been asked to pass the blank form to representative farmers.

The purpose of the survey is to obtain information regarding the pig and lamb production this spring and from the data collected to make estimates for the fall. The information obtained will be compiled here and the results made public about July 1.

The Diary of a New Yorker

by CLARK KINNAIRD

Exclusive Central Press Dispatch to New Castle News

NEW YORK, June 1.—Naturally, sights that attract New York visitors do not have the same allure for the majority of more or less permanent New Yorkers. Comparatively few of the latter ever have purposely gone down to Battery Park to watch the ocean greyhounds, or have been up in the Woolworth tower, or have viewed the spectacle in the Stock Exchange, or toured the American Museum of Natnral History, or climbed the Statue of Liberty, or seen the inside of the most famous old building in the city, Fraunce's Tavern.

Thousands of New Yorkers would have difficulty in finding City Hall or Wall Street, or the Aquarium or the Metropolitan Museum of Arts or John D. Rockefeller's town residence or the main post office of even Greenwich Village.

Yes, sir, it takes some extra special sight to capture the interest of the Gothamite. Something like the ruins of the bombed house of Robert Elliott, state executioner. A continuous stream of sightseers passed the place on the first Sunday after the blast, paralyzing traffic in a section of New York.

* * *

Visitors usually notice how pale Gotham girls are in comparison with damsels in the hinterland. "I think the white faces of New York women are the most striking thing I've seen," remarked my brother, here from Kentucky. "It would be better for them to use more rouge and look like Indians. They'd be a lot healthier in appearance."

I suggested that the unusual whiteness of the New York girl's complexion was not due to unhealthiness, but rather to the excessive, but necessary, use of powder. Faces get soiled more quickly in New York than in Pittsburgh, despite the latter's blacker reputation.

For years New York has been one of the dirtiest cities in the world because of unregulated smoke and the inefficiency of the street cleaning department.

* * *

That Guinan woman sure has a gift of gab.

"You are lovely," said Prince Potenziani, governor of Rome, when he visited her night club with Mrs. W. R. Hearst. "I do trust that some day you will come to Italy and I will see that you are presented at court."

"Tut, tut," responded Texas, whose crest is a padlock, "it's an everyday occurrence with me."

* * *

Now there's "Milk Bottle Reclamation Week". New Yorkers, it appears, are more careless of milk bottles than any other persons in the world, and millions of bottles disappear every year. Milk distributors complain that while they shouldn't need but three bottles in stock for every quart of milk used, instead it takes 12 bottles for every quart delivered in New York. They are resorting to an expensive advertising campaign to arouse the consciences of careless householders.

* * *

An idea of what the well furnished home of the near future will be like is given by exhibits at an international exposition of art in industry promoted by one of the big department stores. The department that is attracting most women visitors is not the laborless kitchen, but the modernist boudoir and the attached dressing room which has floor, walls and ceilings composed entirely of mirrors placed at such angles that one may see 10 images of one's complete costume.

The bathroom is also a gem, but it wouldn't suit me, because the tub wouldn't be long enough. When are bathtub makers going to make the discovery that there are persons taller than five feet five?

To Provide Bell For City School

Bell To Be Placed In Lawrence School; Some Teachers Elected

Secretary Hugh M. Marquis of the New Castle school board was instructed on Thursday night to advertise for a school bell to be used in the Lawrence school.

A number of elections of teachers and transfers were reported. They follow:

Franklin Junior—Muriel Findley, vice Vera Rummel, resigned.

Elizabeth Mendenhall, librarian, vice Helen Westlake, transferred.

John H. Hite, vice James Lewis, transferred.

Benjamin C. Martin, vice Edwin Gaesa, resigned.

Mahoning Junior—Emmet Gillespie, vice Thomas Smathers, transferred.

ESSAY PRIZE WINNERS NAMED

Fred Blaha And Miss Kathryn Melvin Are First Place Winners

KATHRYN MELVIN

Prize-winners in the essay contest conducted by the New Castle Mutual Building and Loan Association have just been announced by the secretary of the association, Norman E. Clark.

First prize in the senior division goes to Fred Blaha and first prize in the junior division goes to Miss Kathryn A. Melvin. Mr. Blaha is a member of the 1928 graduating class and Miss Melvin is a member of the junior class of the New Castle Senior High school.

The contest subject was "The Advantages of Saving Systematically Through Building and Loan Associations". Prizes of $10 were offered to the students adjudged to have the best essay, and Attorney Alvah Shumaker, William Fenton and Bart Richards were appointed judges.

In the selection of both Mr. Blaha and Miss Melvin the decision of the judges was unanimous and they have been awarded their prize of $10.

Railroads May Save Steel Supremacy In Pittsburgh District

Action Of Illinois Central In Reducing Freight Rates To South Causes Action

B. & O., Pennsy And New York Central Expected To Lower Rates In This Section

(International News Service)

PITTSBURGH, June 1.—With Pittsburgh's steel supremacy at stake, presidents of the Baltimore and Ohio, Pennsylvania and New York Central railroads were today studying the situation created by the action of the Illinois Central railroad in reducing its freight rates on iron and steel to 81 cents per ton between Chicago and New Orleans.

Since the interstate commerce commission failed to take any action on the Illinois Central's reduction, local steel manufacturers are of the opinion that a proportionate reduction on the part of local roads is the only method left by which they can successfully combat the threatened competition which may deprive Pittsburgh manufacturers of important markets.

On the basis of the Illinois Central's new rates, Pittsburgh steel companies may petition coal railroads for a rate of 15 1-2 cents a ton for a shipment from here to Baltimore—16 1-2 to Philadelphia and 18 1-2 to New York.

That the heads of the local roads have already gone into session about the matter was learned today from J. J. Koch, freight traffic manager of the Pennsylvania. Koch said that the matter had been referred to the trunk line executives and that nothing can be done further until they have rendered a decision.

LETTERS TO THE NEWS

Letters intended for this column must be signed with name and address of writer.

May 31, 1928.

Mr. Fred L. Rentz, Pres.,
News Company,
New Castle, Penna.
Dear Mr. Rentz:

We wish to acknowledge the splendid co-operation you have given us in bringing New Castle to the attention of the Business and Professional Women's Club of Pennsylvania at their recent convention.

You have probably noticed through the New Castle News that New Castle has been given the 1929 convention of this association.

Very sincerely yours,
New Castle Chamber of Commerce,
JAMES W. COLE,
Secretary.

May 31, 1928.

Mr. Fred Rentz,
News Office,
New Castle, Pennsylvania.
Dear Mr. Rentz:

In behalf of the members of the Harry L. McBride Post No. 522, Veterans of Foreign Wars, we desire to thank you for the extensive newspaper publicity which added largely to the receipts in the sale of Buddy Poppies this year. Quite a sum of money was realized which will be used in relieving the distressed veteran soldiers.

Very respectfully,
Special Committee for Buddy Poppy Sale:
WILLIAM L. LEWIS,
ORVILLE POTTER,
WILLIAM H. DUNLAP.

Spanish Aviators Land In India And Set Record, Report

Report Spanish Fliers Complete 4,700 Mile Flight In 54 Hours

(International News Service)

MADRID, June 1.—A report that Spanish aviators Capt. Iglesias and Capt. Jimenez, who hopped off at Seville on Tuesday morning, had landed at Nasirabad, Ind, breaking the world's long distance record, was not officially confirmed today.

An unofficial dispatch from Bagdad had conveyed the report that the two airmen had landed in the Indian town after a 54-hour flight during which they traveled approximately 4,700 miles.

The men's plane carried no wireless.

After the hop-off Jimenez and Iglesias disappeared. After being missing more than 50 hours word was received that a plane, believed to be theirs, had passed over Bender Abbas, Persia, yesterday afternoon. During the time no word was received belief was expressed that they were trying to make a non-stop flight to Cuba instead of a flight to India.

DONNELLY MAKES FINE NEW RECORD

It will be of interest here to many people to learn that M. J. Donnelly, local representative of the Edward A. Woods company agency of the Equitable Life Assurance society, has made another rather unusual record in insurance circles. In less than five months this year he has qualified for the $750.000 corps. This means that he has sold and paid for three-quarters of a million dollars worth of business in less than five months.

Westfield Milk Tester Reports

Twenty-Six Herds Are Tested During Past Month In Westfield Area

A report of the activities of David R. Rice, milk tester for the members of the Westfield association, Lawrence county, is made available this morning at the Farm Bureau office. The report follows:

"Modern equipment is being installed the members of the Westfield association. Mr. Allen, a member of the association, has built a new modern milk house, equipped with steam for washing and sterilizing milk utensils. The building is of stone and is very satisfactory.

"Mr. McCullough has constructed a new bull pen, while Mr. Sampson has installed a new litter carrier in his barn."

Mr. Rice also furnished the following report for the past month of the association's activities:

"Twenty-six herds were tested with 319 cows in milk and 15 dry. Four cows were sold for profit and 37 produced over 40 pounds of fat, seven produced over 50 pounds. Thirty cows gave over 1,000 pounds of milk and 12 gave over 1,200 pounds.

"The following are the five high cows in butterfat: Owner, J. C. Wallace, breed, R. J., 817 pounds of milk, 57.2 per cent butterfat; H. L. McCurley, breed R. J., 1107 pounds of milk, 55.3 per cent butterfat; Lauren Thompson, breed R. J., 894 pounds of milk, 55.1 per cent butterfat; James C. Gardner, breed R. G., 1131 pounds of milk, 54.2 per cent butterfat; B. J. Benson and son, breed R. H., 1770 pounds of milk, 53.1 per cent butterfat."

Board Approves Dr. Green's Action

Following a formal statement to the New Castle school board, on Thursday night, concerning the case of Miss Helen Lewis, the board voted to approve the stand of Dr. Green in the matter, the vote being all ayes with the exception of Mrs. Douthett.

The case was presented to the board at the last meeting, Rev. Samuel Maxwell appearing to protest the placing of Miss Lewis in work other than she had been doing. She later resigned.

Dr. Green's answer was to the effect that Miss Lewis was certificated to teach the subjects they asked her to teach and that when she resigned, her resignation had been accepted.

Diamond Ring Special Gift

Miss New Castle To Receive Present; To Select Winner Next Week

A diamond dinner ring will be awarded as a special prize to the young lady selected as "Miss New Castle" at the bathing beauty contest to be held in the Penn theatre, on Monday and Tuesday night next week. The ring will be the gift of Jack Gerson, Jeweler store. Considerable interest is being manifested in the local contingent, and it is expected that a large crowd will be on hand to get a glimpse of New Castle's elite of the feminine sex. An unusually large number of New Castle's fair sex are aspiring for the honor of being "Miss New Castle" of 1928, who will be entered in the State beauty pageant at Conneaut Lake August 23, 24 and 25. The promoter of the local bathing beauty contest expressed the opinion that it will be a difficult task for the staff of neutral judges to pick "Miss New Castle" from among our exceptionally attractive girls.

Announcement has been made, that on Monday night the preliminary judging will be held, and that it is on the following night, Tuesday, that the lucky young maiden will be crowned "Miss New Castle" of 1928.

Applicants desiring more information are requested to get in touch with Mr. Delman at the Penn theatre, any evening between 7 and 9 o'clock, prior to the event.

WRIT OF REPLEVIN FOR 300 BEER CASES

The Jeannette Beverage company has issued a writ of replevin against A. Paglia to secure possession of three hundred beer bottle cases with bottles marker "Victor Brewing Company."

An appeal from the decision of Alderman Mantz has been filed at the protonotary's office in the case of Fred H. Kay against Elenterio Lattaso in which judgment for the plaintiff was awarded in the sum of $290.31.

Demented Father Attacks Son In Erie Residence

Mother Rushes To Aid Of Son And Averts Killing And Possible Suicide

(International News Service)

ERIE, Pa., June 1.—Grant Bloeser is in the hospital today suffering from wounds inflicted by his father, Edward Bloeser, 47, who last night hacked his son's wrists with a razor and then made an unsuccessful attempt to take his own life.

An unbalanced mind due to a long period of unemployment, is believed by police to have caused the elder Bloeser's actions.

The boy was rescued from possible death by the mother who rushed into the room and grappled with the father when attracted by the son's screams.

Goes To Source Of Stomach And Kidney Trouble

Ellwood City Man Had Great Change In Health After He Got Konjola.

MR. FRANK LYONS
Seavy Photo

"A few weeks ago I never thought I would be making this statement but Konjola has so completely ended my stomach and kidney trouble that I want to indorse such a medicine to others", said Mr. Frank Lyons, Fountain Avenue Extension, Ellwood City (near New Castle) in a recent report he gave to the Konjola Man at the Love and Megown drug store, 204 East Washington street, this city, where he is daily explaining the merits of this new medical compound.

"Ever since I realized my health was going down hill I tried to find a remedy that would build up my system and end those awful miseries I suffered", continued Mr. Lyons, "but nothing ever helped me until I started taking Konjola.

"My whole system was dreadfully rundown. Finally I was forced to stop working because of the awful miseries I suffered from my kidneys. Every night I would have to rise three and four times because of weakness. All during the day my back ached so much that it was almost impossible for me to bend over. I would have awful dizzy spells when it was necessary for me to hold onto something to keep from falling. Quite often I would have a pain in my left side that was so bad I would double up. Just recently my hand was affected with rheumatism and I could hardly use it. My nerves were all unstrung and I was always worrying about my health. I had no pep or energy and this made every day a drudgery to me.

"I was told to give Konjola a trial and when I made inquiry about this medicine, I found everybody recommending it highly and that it relieved the suffering of many people who were never benefited before. This gave me confidence in Konjola. I started to take it regularly as directed and within a week's time, I noticed a new feeling of life over my whole system. I began eating heartily and some of the things I had not eaten for a long time digested perfectly and never caused me the least bit of distress afterward. But best of all the trouble from my kidneys began to disappear and soon I was able to sleep through the entire night without rising once. I returned to work because the pains in my back were gone and I did not have those dizzy spells or headaches. Finally the rheumatism in my hand vanished and I was able to use it just as if I never had that ailment. My sleep is sound and restful and I get up in the morning feeling greatly refreshed and full of energy.

"Konjola has been a splendid medicine for me and just what my upset system always needed. A trial convinced me of the merits of this medicine and I am sure it will do the same for other sufferers."

The Konjola Man is at the Love and Megown drug store, 204 East Washington street, New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

NEW LIBRARIAN

Miss Mae Beale has been elected as librarian for the Bessemer public library during the summer months. This position was made vacant by the resignation of the former librarian, Miss Marybelle McClelland.

Library hours will continue the same unless some change is made later in the summer.

Monday—7 to 9 p. m.
Wednesday—4 to 6 p. m.
Friday—3:30 to 5:30 p. m.

New books will be added to the library throughout the summer months and it is hoped that many will make the best of this opportunity.

BOY SCOUTS

Memorial Day the Bessemer troop of Boy Scouts took a hike to the "Devil's Backbone". They took their lunches and had a regular picnic.

The new scoutmaster is Frank Beale.

Scholars Of Martin Gantz School Win Wild Flower Contest

Fifty-Two Specimens Of Flowers Brought In By The School Children

Frances Stevens of the 5B class won the wild flower contest at the Martin Gantz school by being the first in a specimen of wild flowers. She was able to be the first scholar to present 15 different specimens. Contest was held under the direction of Miss Mildred Cannon, teacher of nature in the school.

Clarence Triplett of the 6A class ran a close second with 15 specimens. Gerald George of 6A class won third prize and Marjorie Pattison won fourth prize. In all there were 52 varieties found by the children.

First prize was a white Cactus Dahlia bulb, second prize a large pink dahlia bulb, third prize was 2 gladioli bulbs and fourth prize was a red dahlia bulb. The children winning the prizes are planning to plant the bulbs and enter the flowers in the annual flower show this fall in the effort to have them win other prizes.

Frances the winner of the first prize said that she made many hikes through the woods and the fields to find the flowers. The biggest day was circus day when she gave up the fun of the circus for a trip after flowers. The children were able to bring in specimens that sometimes kept the teacher working to classify the flowers.

Plan Erection Of Mooring Mast For Ocean Aircrafts

Western Terminus For Trans-Atlantic Dirigibles To Be Near Montreal

(International News Service)

MONTREAL, Que., June 1.— Plans for the establishment of the first regular trans-Atlantic air service moved forward Thursday with the allotment of the contract for the erection of the Canadian government's mooring mast at Saint Hubert Field here. The mast, 17 feet in height, will be the western terminus for the R-100 and R-101, the airships now under construction for the England to Canada service in Britain. The service is scheduled to open in September when the R-100 will be ready to commence regular flights. The ships, when finished, will carry one hundred passengers.

May Settle Radium Poisoning Case Out Of Court Is Claim

Case Of Five Doomed Girl Radium Workers May Be Settled Without Hearing Suit

(International News Service)

NEW YORK, June 1.—The five girl victims of radium poisoning who have brought suits against the United States Radium Corporation to the amount of $1,250,000 may be awarded a settlement out of court, it was learned Thursday.

There was a board of directors' meeting of the corporation at the offices of the concern here. Although officials declined to comment on a settlement arrangement they admitted that the case was discussed.

Following the meeting here there was to be a conference in the chambers of Federal Judge William Clark at Newark, N. J., between counsel for both sides.

The plaintiffs, all young women who were employed at the plant of the Radium Corporation in Orange, N. J., are doomed to an early death as a result of radium poisoning.

Believe Italia Is Somewhere Near To Alaskan Regions

(International News Service)

MOSCOW, June 1.—It was confirmed this afternoon that amateur radio station at Vladivostok designated as "2 BQ" picked up an extremely weak wireless "SOS" call from the Italia on May 29, said a dispatch from Vladivostok. This news led to belief in some quarters that the Italia was wrecked off the Alaskan coast.

Navy Offers Many Fine Opportunities

A well known newspaper writer, Dr. Frank Crane, recently visited one of the battleships of the Navy. He described his visit as illuminating, not because he found a powerful fighting unit with extensive accurate machinery, but because he found a "School House."

"Sailors everywhere were attending classes, officers were acting as instructors, utilizing their superior advantage in helping the men to get on."

Young men of this city desiring an opportunity to secure some of the opportunities afforded those who enlist in the navy, can secure all desired information from Chief Machinists Mate R. D. Sheckler, who is in charge of the naval recruiting station in the city building.

Are All Saturdays Rainy This Spring?

Weather Bureau Reports Most Saturdays With Little Precipitation

Annual complaint of most of the Saturdays being rainy has started this year when we have heard several say that it seems every Saturday this spring has been rainy. According to the local station of the United States Weather Bureau there have been three Saturdays with less than three hundredths of an inch of precipitation and three with more than that amount, starting to count with the first day of spring April 21.

Of course the question depends upon two items, that of psychology and that of what constitutes a rainy day. Psychology enters in because the merchants and those seeking a half holiday remembers the days spoiled but forget the pleasant days.

Some would consider it a rainy day if during the 24 hours there was a slight precipitation that would cause you to raise your umbrella for a few seconds and the weather bureau records it as "traces." Others call a rainy day a day that has the sky continually overcast and a drizzle or a downpour continuing all day.

But we think that if the weather bureau reports the day as clear or partly cloudy and a precipitation of less than three hundredths of an inch that we could hardly call that a "rainy" day. One doubts if we should designate a day "rainy' that may have it clear or rainless a 24 hour period and then a dashing shower over in a half hour but in which even as much as a half inch of rain might have fallen.

Of the six Saturdays of this spring the weather bureau reports two having a pecipitation of .005 inches or "traces" and one with .03 one day there was .42 inches and another there was .88 inches reported during the 24 hour period.

There have been less "rainy" Saturdays this spring, for the heaviest rainfall on Sunday was April 22 with .13 of an inch, the following week .09 was reported, two weeks there was some precipitation and another .03 inches.

Man Injured; Struck By Auto

Tony DeCarbo In Hospital As Result Of Accident On Moravia Street

OTHER MISHAPS ARE REPORTED

Tony DeCarbo of 310 Lutton street, is in the New Castle hospital suffering from severe cuts and bruises of the head, body and legs, sustained last night on Moravia street, near Gardner avenue, when struck by the machine of Robert Jones, 708 Franklin avenue, Youngstown, O. Jones is being held by the police pending the further investigation of the case.

The police received a call that there had been an accident at Moravia street near Gardner avenue, arriving a short time after the accident occurred. It looked on their arrival as if DeCarbo might be very seriously injured and he was placed in the police car and rushed to the New Castle hospital.

His injuries consisted of cuts on the head, injuries of the left shoulder and both legs and a bad cut about the right eye. His injuries were reported today as being improved, although he will probably be kept in the hospital for ten days.

According to the statement of Jones, he was driving south on Moravia street near Gardner avenue and two men started across from the west side to the east side of the street. One went on across, the other, DeCarbo, reached the middle of the street, then started back to the point where he started. In order to avoid hitting DeCarbo, Jones claims he pulled to one side and that DeCarbo ran into his right fender and was knocked to the ground. He stopped immediately and helped place the injured man in the police car.

Alfred Lewis of 1507 South Jefferson street, who was driving on Moravia street near the scene of the accident, told of the Jones machine almost hitting his machine in the mix-up and how the wheels of the Jones car ran over a part of DeCarbo's body.

Other Reports

M. Herman of 519 Elizabeth street, reported today that as he was driving east on Fairmont avenue, that his car hit and killed a dog.

James Davis of 217 East Wallace avenue, reported to the police yesterday that he was driving south on North Mill street at East Falls, when a boy, aged 4 years and residing on Quest street, from the east side to the west side of Mill street ran out in front of his machine and was knocked down. The boy refused to go to a physician and his mother and he stated that the boy had not been seriously injured. His name was not secured.

Mrs. D. W. Ayers, 26 North Lee avenue, reported that she was driving east on East Washington street near Mercer Thursday and had stopped in the line of traffic because of a red light. Pennsylvania license 807-690 cut around from the rear of her machine and hit and damaged her machine.

Harvard Winner In "Brain" Test

Yale Is Defeated By Harvard In Initial "Brain" Contest On Record

(International News Service)

CAMBRIDGE, Mass., June 1.—The accent was a little more pronounced, the hats tilted more and more in Harvard Square today. The crimson had been declared the winner of the "brains" contest with Yale. The score was: Harvard 117, Yale 93.

The scholastic contest, the first of its sort ever held between colleges in the United States, was established this year through a fund of $125,000 given by Mrs. William Lowell Putnam. Two picked teams of 10 men each took a three-hour examination in English literature a month ago as a basis for the competition. Each member of both teams will receive books, and the sum of $5,000 will be set aside from the income of the Putnam fund for the purchase of books for the Harvard library.

The contestants were listed by the judges with N. M. Pusey (Harvard) Council Bluffs, Ia., first, and H. T. Dolan (Harvard) Scranton, Pa., last.

The judges were Professor Charles G. Osgood of Princeton, Professor J. G. Osgood of Princeton, Professor J. A. K. Potter of Brown.

SCRAMBLE TO BE PRESENTED AT COURT IRKS SOLON

Objecting to "American title worshippers and social climbers scrambling to make weird genuflections before their Britannic majesties and other crowned heads," Rep. Adolph J. Sabath, of Illinois, introduced a resolution in congress seeking to prevent pressure being applied by politicians to get their friends presented at court. This pressure, he contends, is embarrassing to the American ambassador, Alanson B. Houghton. Among the Americans presented this year are Miss Marion Dixon, of Chicago; Mrs. Edward A. Leight, also of Chicago, and Miss Edith Fairbanks, of Indianapolis.

NEW CASTLE MEN ARRIVE AFTER SPEEDY AIR TRIP

(Continued From Page One)

it by means of the ropes he landed on the field.

Immediately after the parachute jump Pilots Starkey and Leddy from Lansdowne took off in another biplane and reaching a ceiling of 4,000 feet, pulled the plane through a succession of 11 loops without stopping. After the looping they did three falling leaf dives and landed .

Until the large Ryan monoplane landed the center of attraction was a small Monocoupe piloted by "Captain Jack" Smith of Pittsburgh and recently acquired by the New Castle Aircraft. Although one of the most diminutive of planes it handled with ease and is capable of stunt flying, carrying two passengers, each of them weighing over 200 pounds. Practically all of the time before the large Ryan landed it was in the air.

"Good to Get Back."

"It certainly is good to get back" were the first words of Mr. Bradford when he greeted his wife. Mr. Bradford had only been in the air once before he started on the transcontinental flight from San Diego Monday afternoon, where the works of the Ryan company are located.

During the trip Mr. Bradford kept a log of what happened.

"You see" declared Ed Schultz pilot of the ship, "the reason that we did not get here Memorial Day was because we were a day late in getting our plane. According to original plans we should have hopped off from San Diego Sunday afternoon but because of a hold up at the factory, we were unable to start until Monday afternoon. At that, though, I believe that we made exceptional time as it was entirely new country to us.

"Once on the trip we were mistaken for Lindbergh. That was at Oklahoma City. When we landed there Wednesday morning the people all thought that we were the famous "We." However when we got out from the plane they realized their mistake."

The log of the Spirit of New Castle follows in part

Monday, May 28.

"Left the field at 1:54 Eastern Standard time. The ship took off perfectly in eight seconds. Weather is fine. Rose to 2,500 feet in five minutes and in nine minutes we were at 5,000 feet. Are accompanied by a soldier, Mr. Stanton of Detroit. . . . Not a house after leaving San Diego Air is great. Over near Mexico now. . . . Air getting bumpy at 2:47. Going 90 miles an hour at 9,000 feet. . . 3:40. Looking for a railroad is like finding a needle in a hay stack. Nothing in sight but clouds and mountains. Off our course. Compass not right. Gulf of California under us and to the south. Puts me in mind of getting lost with my auto, only worse.

"Two hours now and not a sign of a person or a house. At 4 o'clock are 10,000 feet high and still lost. Used abot 25 gallons of gasoline. Not knowing our direction we are steering northeast. . . . Find a river we think is the Colorado. Welcome sight. We were way down in Mexico, half way down Lower California. At 5:30 Yuma ahead. Landed in sand six inches deep. Terribly hot, about 104 degrees. Took off at 6:02, following Southern Pacific railroad. Land at Gila Bend at 7:10. Took off at 7:38 and going great. I am the official back seat driver and navigator. Batting off 105 miles an hour at 5,000 feet. Land at Tucson, Arizona at 8:45.

Tuesday, May 29.

"Took off at 9:20. Beautiful morning. Made 3,500 feet at 9:25. Motor fine and mountains ahead. Following the Southern Pacific. . . . Autos on highways look like fleas from up here. . . . Time out to read the Tucson Daily News. . . . Following railroad toward El Paso. Houses here and there below. . . . In Rockies now, very high. Now in New Mexico. Hit another railroad going east at 10:50 and flying over the Mexican border line, heading for El Paso. El Paso in distance. Looking down see thorns in our tires. We'll have to watch out for flats. Going down at 12:08. Land at El Paso, Texas at 12:10.

"Take air again at 12:44. Next stop will be Midland. Trains on the Texas Pacific railway look like snakes crawling along the ground. The temperature is dropping and the air is getting rough.

"Texas surely is a large state. Going down! Land at Odessa, Texas, at 3:30. Took air again at 3:55 and hit Midland at 4:03. Take off again at 4:55 over fertile farm and oil land. Too much wind against us. Going down at Abilene, Texas at 6:51.

Wednesday, May 30.

"Took off at Abilene at 6:40, 40 minutes after daybreak. Going northeast towards Kansas City. Few scattered oil wells here and there. See more water on ground in hour than have seen on entire trip. At 8:10 over Wichita Falls, home of Rotarian Cline and is quite a nice town. Just looked down and saw an old time covered wagon. . . . Funny to look down and see chickens run from airplane—scared I guess. . . . Cows are as thick as flies in one small space. Our shadow was so large that we went down and snapped a picture of it. Going down at Oklahoma City at 9:27.

"To the air again at 9:55 going toward Wichita. Schultz looked down and saw a roller coaster. Tried to imitate one which he did. . . . Following the Mississippi Pacific railroad and are in the roughest wind encountered this far on the trip. Going to land at Kansas City. Did at 12:50. Took off again at 3:30. It is cloudy and the air is a little rough. At 6:10 go down over Mississippi river cross and sight St. Louis where we land at 6:15.

Thursday May 31.

"Take air at St. Louis at 7:35. Weather cloudy and dull, though air is fairly smooth. Following the Pennsylvania railroad. Illinois is very fertile state. Nice farms here . . . Now over Wabash river. The fields are getting smaller now. Over Terre, Haute, Ind., now. Indianapolis is very large city. Country is like a table. At 11 o'clock are over Richmond, Ind. Very chilly up here now. Paris, O., underneath at 11:08. See Dayton ahead. Going down. Land at Dayton at 11:24.

Take off from Dayton at 11:55 on home stretch. Now over Columbus at 1:25. Country is getting hilly below. NEW CASTLE AT 2:30."

It is planned to open the airport formally within a week. At this time there will be an air c[illegible] and other entertainment.

Dirigible Drops Wreath On Grave Of Representative

(International News Service)

WEST CHESTER, Pa., June 1.—Soaring gracefully over this city for the second time within four days the navy dirigible Los Angeles with seven congressmen aboard dropped a floral tribute on the grave of Congressman Thomas S. Butler. The huge silver-colored dirigible passed over the city just at dusk and hovering over Oakland cemetery cast overboard a large spray of flowers. Two small boys placed the wreath atop the newly made grave.

PLAYER IS HURT IN AUTO CRASH

BUTLER, Pa., June 1.—James D. McDevitt, 27, shortstop of the Bruin Oil baseball team, entry in the Allegheny-Kiski Valley league, is in a serious condition in the Butler hospital, following an automobile crash on the Pittsburgh-Butler highway south of Butler Wednesday as he was returning from Pittsburgh.

McDevitt sustained a multiple fracture of the pelvis when he was thrown from his seat when the automobile skidded from the highway and struck a telephone pole. Surgeons performed an operation yesterday and, barring complications, the injured player is expected to recover.

The driver of the car, James Leezer, and a companion, Edward J. Killean, both of Butler, escaped with a shaking.

Standard Oil Ship In Chinese Waters Looted By Pirates

Report Oil Ship Robbed Of 3,000 Cases Of Kerosene In Daring Attack

(International News Service)

LONDON June 1.—Chinese river pirates boarded the steamer Socony, operated by the Standard Oil Company, near Canton and looted 3,000 cases of kerosene, dispatches from Hong Kong received by the Exchange Telegraph Company stated today.

In a daring coup, the bandits swarmed over the side of the vessel, overwhelmed the captain and crew and escaped with their loot. Troops scoured the Shuntak district for the pirates, but found no trace of them. The Standard Oil Company is reported to have lodged a protest with the Chinese government through the American consul at Shameen.

Other river pirates fired upon the Asiatic Petroleum Company vessels Shoukwang and Tingkwang between Wanshien and Ichangk. The crews of the vessels returned the fire and prevented the pirates from boarding the ships. Several of the guerillas are believed to have been wounded.

DRIVER'S HANDS WORTH $50,000

Probably the only driver in the world of horsedom whose hands are considered valuable enough by his employers to be worth a $50,000 insurance policy is William J. Walsh, internationally known driver for the Union Stock Yards, Chicago—and he admits he never has been on a race track in his life. He has driven heavy draft horses in teams of twelve at expositions—and before kings.

Northern Chinese War Lord Plans To Retire To Manchuria

Japanese Serve Ultimatum On Southern Armies Not To Advance Beyond Peking

(International News Service)

LONDON June 1.—Marshal Chang Tso Lin dictator of the Peking government and generalissimo of the North China armies has decided to abdicate and enter into Manchuria said communications from China to the British government this afternoon It had previously been reported that Marshal Chang might give up the capital city to the advancing Nationalist troops but this was discredited until the government dispatches were received.

Marshal Chang's retirement leaves the gates of Peking open to the southerners. Japan has already warned the Nationalists they must not attempt to invade Manchuria after Chang has entered that country.

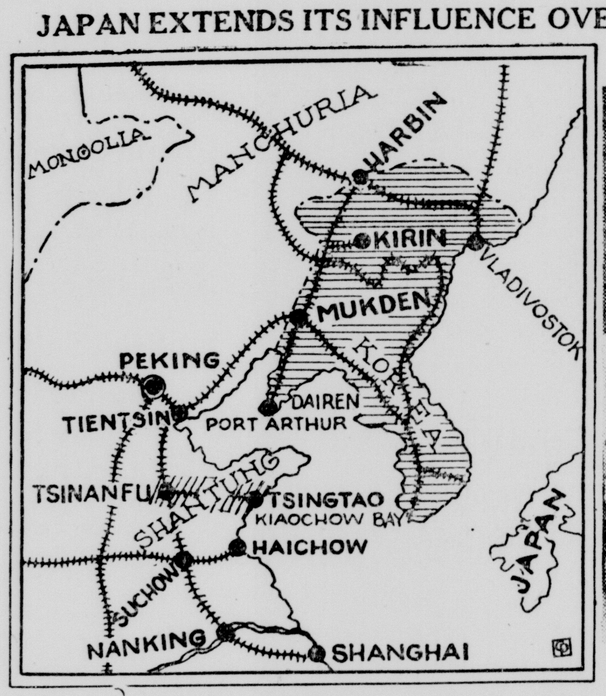
JAPAN EXTENDS ITS INFLUENCE OVER VAST REGION



JAPAN'S increasing influence in Manchuria and Shantung province, China, is attracting the attention of the world. Two Chinese papers have published the terms of an alleged secret treaty reported to have been signed by Marshal Chang Tso Lin, right, North China war lord, and the Japanese minister to Peking, by which, for a $25,000,000 to $50,000,000 loan "to drive out Reds," Marshal Chang grants Japan a protectorate over China's three eastern provinces of Manchuria.

This alleged treaty is said to agree further to: Lease Japan the port of Tsingtao, in Shantung province, for 99 years; grant Japan the right to construct and operate railways in north China; grant Japanese the right of residence throughout Manchuria, eastern Mongolia, Shantung and Fukien provinces, together with preferential rights to open mines, exploit forests and develop industries; cede to Japan the ports of Dairien and Port Arthur, Manchuria; lease Tsingtao and the Kiaochow bay areas to Japan for 99 years.

All these areas are shown on the map above.

The Japanese-controlled area is shown by shaded lines. By control of Tsinan and Mukden, Japan has been able to govern to a degree reinforcement of the Nationalists from the south and Marshal Chang's forces from the north

Negro Instructor Weds White Woman In Philadelphia

Negro Physical Educational Instructor Weds White Woman, "Love Each Other"

(International News Service)

PHILADELPHIA, June 1. — Alfred O. Hodge, 41-year-old negro physical culture instructor, and his white bride, the former Miss Mathilde A. Yockel, 33-year-old teacher, are spending their honeymoon in Atlantic City today following their marriage in this city late last night.

The couple were married by Rev. William A. Harrod, pastor of the First African Baptist church, in his residence here.

"We love each other dearly," the bride told the pastor, "and as we believe in the amalgamation of races we intend to get married, though we know all sorts of criticism will be voiced against us."

Hodge whose home is in Norristown, is teacher of physical education in the New York Public Schools. The bride who is described as pretty also holds a teaching position in the New York Public Schools.

Hodge is a graduate of Howard University and also attended the University of Pennsylvania.

This was Hodge's second marriage. His first wife was a negress, Miss Florence Harrison, of this city, to whom he was married in 1916. They were divorced in 1920.

Y Will Give Boys Swimming Lessons

Free Instruction Is Will Be Given From June 11 to June 20, Say Officials

The local Y. M. C. A. will offer swimming instructions free to all boys from June 11 and continuing every afternoon until June 20 it is announced today at the Y.

Each year after the schools have been dismissed for the summer the Y. M. C. A.'s throughout the United States have a free swimming campaign. Last summer over 25,000 boys were taught to swim absolutely free of charge. In New Castle the lessons will be given by competent instructors, most of whom have passed the life saving examination.

It is hoped that the parents of the boys of New Castle will take advantage of this opportunity to have their boys learn to swim properly, state officials at the Y.

In this issue of the News there is a coupon and the Y. M. C. A. asks that it be filled out by the prospective swimmers and left at the Y. office before June 11. This is necessary so that preparations can be made.

The Butler Y already has 350 boys signed for these instructions and the local Y. M. C. A. believes that there are many boys in the city who cannot swim.

Complete Concrete Pouring On Pool

The work of pouring the new concrete swimming pool at the George Washington Junior High school was completed at midnight Thursday, the concreters working steadily since early in the morning, states J. Clyde Gilfillan who holds the contract for the new school.

Today a carload of interior doors arrives in the city and they will be hung as soon as possible. After the doors are hung and painted the interior trim of the building will be completed, declares Mr. Gilfillan.

Sam Love Granted Parole By Court

Sam Love, who was sentenced six months to the county jail on March 26 on a charge of involuntary manslaughter in connection with the death of Lorraine Marcella killed in an accident, was paroled by Judge Hildebrand this morning upon the payment of a fine of $200 and costs. The accident happened on Mahoning avenue when the child was struck by a truck driven by Love.

Nick Gibbs who was serving a sentence in the workhouse on a liquor charge was brought back and paroled.

much trouble," was the statement of Mrs. Helene Anderson, 113 Quest Street, New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this great natural medicine to crowds of men and women.

"A severe cold left me in a run-down condition, and there were pains through my shoulders and chest," Mrs. Anderson continued. "My stomach was in a very bad condition. I would bloat with gas and could not get any relief. My liver was disordered; and at times my complexion was sallow, and there would be 'liver spots' on my face. I was subject to dizzy spells and severe headaches. Sometimes my whole body ached. My nerves began to trouble me and I felt depressed most of the time. I was continually taking laxatives to overcome constipation, and had to keep increasing the dose to get results.

"I read in the paper of so many persons being benefited by Ten Herbs, that I started using your medicine. In a few days I felt better, and now all my health troubles are ended. The pains through my shoulders and chest are gone. My stomach is in better condition, and I am no longer troubled with gas or bloating. My complexion has been greatly improved, and the 'liver spots' have disappeared. Dizziness and headaches have been relieved. My bowels are so regular it is no longer necessary for me to use laxatives. I am pleased to recommend Ten Herbs to the public."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine. He will be glad to tell you how to take it to get the best results.

Special Sermon Sunday Afternoon

New Castle lodge No. 38, Knights of Pythias, and Chrysanthemum Court of Calanthe No. 127, having been granted a special dispensation from Grand Chancellor B. G. Collier of the state of Pennsylvania, a special Thanksgiving sermon will be held on Sunday, June 3, at 2:30 p. m. daylight savings time in St. Luke's A. M. E. Zion church.

Visiting members from Golden Valley lodge of Sharon, Pa., and ladies of the Lily of the Valley Court of Calanthe No. 143 and also members of Conoquenessing lodge No. 75 are invited. Rev. Hill, a well known speaker of Youngstown, O., will deliver the sermon. The committee on arrangements follows: Commodore L. Tilden, Anderson Alexander, Robert Williams, Kelley Wellman, Walker Alexander, W. Aldridge, John Hawkins, Eugene Washington and William Coolier.

On Thursday evening, June 7, lodge No. 38 will hold a debate in Castle hall, the subject being "Resolved, That Long Skirts Are More Attractive Than Short Skirts."

Would You Like to Forget Your Car Has Tires?

An Invitation to "Tire Punishers"

You motorists who step on it up to 60, 70, 80 miles per—

—who like to cover 400, 500, 600 miles a day on trips

—who show no mercy to tires on destructive roads

—who drive several times farther each year than most people do.

See this New Type of Tire!

We now offer a tire that outmatches and outclasses any previous type—oversize, extra-ply or heavy duty—for motorists who "drive hard" by choice or necessity.

An entirely *new* type—a *super*-tire—built without limit as to cost. Goodyear's 30th Anniversary masterpiece! The DOUBLE EAGLE.

Frankly, a better tire than most people will ever require.

We doubt if it will wear out before a motorist ordinarily parts with his car. And the chances against blowouts—or even a puncture—are figured at 1,000 to 1!

New records for long and non-stop runs without tire trouble—new records, too, for low per-mile cost service—these are now to be expected.

Come in, examine this tire—you'll agree with us. Never have you seen anything like it. You'll also admire its distinguished beauty—a set of DOUBLE EAGLES adds to the appearance of the costliest car.

Similar endurance, proportioned to the needs of regular service, is found in regular Goodyears, which for most motoring requirements, are "The World's Greatest Tires."

On change-overs, of pairs or sets, we are offering most liberal inducements.

IDENTIFICATION: *On the sidewall of this tire you will find in silver silhouette the Double Eagle: world mark of superfine quality and value, symbol of that Goodyear union of seasoned experience and youthful progress which has produced the tire of tires.*

Important Features *of the* "GOODYEAR DOUBLE EAGLE"—*the Tire of Tires*

1 The finest, strongest, handsomest tire that money can buy.
2 The deep-cut, tractive All-Weather Tread is practically double-thick.
3 The toughest and longest-wearing rubber compound in this tread Goodyear has yet developed.
4 The body of the tire is built of extra-heavy SUPERTWIST cord fabric, to a new oversize dimension both in cross-section and overall diameter.
5 More plies of cord fabric; more rubber between the plies.
6 Lined with an extra layer of rubber to protect the cords from moisture.
7 Special low temperature cure.
8 The finest materials, the finest construction, regardless of cost.

Physicians Advise HEMO-LIVER for Weak, Run-Down Men and Women

Full of the Newly Discovered Substances Extracted from Beef Liver Which Create Rich Blood and Strengthen Vital Forces

Hemo-Liver is the new sensational tonic extract of liver they are all talking about these days. Doctors are advising weak, anaemic, thin-blooded people to take Hemo-Liver and it now can be obtained from any druggist who keeps abreast of the times, with the distinct understanding that if one bottle doesn't improve your health wonderfully—the purchase price will be returned.

A big 12-ounce bottle of Hemo-Liver lasts 8 days, one tablespoonful is a dose, and as one doctor remarked, "You would have to eat liver a great many times to get as much of the rich red blood-making, vigor-creating elements as Hemo-Liver will give you.

"Men and women who are suffering from lowered vitality, general weakness, overwork, nervous breakdown or anemia can put their faith in Hemo-Liver. For feeble old people, girls 13 to 18, and in convalescence it is invaluable. It strengthens the nerves, increases the red blood cells, promotes health and rebuilds weakened vital forces of both men and women so quickly that often physicians are astonished."

Garden Contest At Martin Gantz

School Children Transform Back Yards To Well-Kept Gardens

Final inspection and judging of gardens planted and cared for by the children of the Martin Gantz school was made Thursday evening and award for the best garden was made to James Fuller.

Three other scholars received honorable mention. They are Leroy Todd, Catherine Ritchie and Sam LaRocco.

Many of the children entered the contest and the judges report some fine looking gardens. The gardens contained flowers and vegetables and were judged with the care with which they were kept.

The contest started early in the spring and many yards were cleaned up in order to make room and appropriate surroundings for the now beautiful gardens. Fifteen gardens were ready for the final inspection.

Mrs. B. K. Thacker, wife of the principal of the school, has made an offer of an iris bulb to each child that will continue the care of the gardens during the summer and the entering of their product in the annual flower show in the fall.

The judges of the contest were Miss Evelyn Spencer, Sara Love and Mildred Cannon, teachers in the school.

Recently an illustrated lesson was given in the nature study class with 96 colored slides of different kinds of flowers.

Excellent Talk By Dr. Ella George At Third Church

Dr. Ella George of Beaver Falls, state president of the Woman's Christian Temperance Union, gave an excellent talk on law enforcement in the Third U. P. church of this city Thursday evening.

Mrs. George also spoke of the work accomplished by the W. C. T. U. throughout the country. A number of temperance people were present and highly appreciated her talk.

The meeting was sponsored by the Frances Willard union of this city in an effort to formulate a new W. C. T. U. on the east side. A number of names were secured for this purpose.

A solo number by Mrs. Charlotte Taylor Emery was a special feature of the evening.

Zoning Appeal Board Meets Next Tuesday

There Are But Two Appeals Up For Consideration At That Time

Monthly meeting of the board of zoning appeals will be held Tuesday afternoon, June 5, at 3:30 o'clock daylight savings time in the city council chamber.

There are but two appeals from decisions of the city engineer to be considered at this time.

The first of these appeals is that of L. O. Nicholson, 1419 Jackson avenue, who was refused a permit to construct a tinshop on the rear of his property because of the fact that this property is located in a residence district.

The other appeal is that of A. K. Nader, 1203 South Mill street, who has been refused a permit by the city engineer to construct a combined dwelling and garage at the rear of his property, which faces on South Mill street.

Ordinarily this would be permissible in this district, it being a secondary business district, but in this instance, should the proposed addition be permitted, it would be in violation of the zoning ordinance, which requires a certain amount of yard room for each person of a family.

A great deal depends in instances of the kind as to whether or not there are any persons in the district objecting to the proposed violations of the zoning regulations of those respective districts.

Chicago Chatter

BY IONE QUINBY

Exclusive Central Press Dispatch to New Castle News.

CHICAGO, June 1.—"Stage struck" was the term that used to be applied to the small-town girl who, reading of success to be had in theatrical life, ran away from home to find the "pot of gold" behind the footlights. Then came the movies, and hundreds of girls cut home ties and started for Hollywood. The age of these girls, on the average, was 18. Beauty and pep, it appeared, were synonymous with the call of the klieg and footlights.

With middle age rejuvenated thru the fashion of short skirts and bobbed hair, however, the age of stage struck, movie struck femininity has moved up 15, 20 and even 40 years. Likewise, the aspirants are gleaned now in biggest numbers from the large cities.

Recently a theatrical company requiring a new coterie of chorus girls advertised it would talk to aspirants on a certain day in one of the "Loop" theatres. The girls were told to walk across the stage to show stage presence, grace, ankles and smiles. Three hundred girls and women, all the way from 16 to 60, took the test. There were five mothers on the list who took the test with their daughters.

So persistent were some of these women, who 15 and 20 years ago probably would have been horrified at the thought of showing their legs on the stage, that when the final successful contestants were named, they refused to accept defeat. The manager was obliged to call in a policeman to clear the stage, which all but precipitated a riot.

Ohio and Virginia may be famed as the birthplace of presidents, but Chicago is getting to be known as the birthplace and "home town" of some of Hollywood's brightest movie stars. On the list of stars born in Chicago, who made good in Hollywood, are: Gloria Swanson, Clara Kimball Young, Milton Sills, Myrtle Stedman, Mary Philbin, Tom Gallery, Sue Carroll, Rod LaRocque, Virginia Valli, Bryant Washburn, Dorothy Dalton, Blanche Sweet, Roxanna McGowan, Mollie O'Connell, Alfred Whitman, Alma Aiken, Leah Baird, Neva Gerber, Helen Holmes, Frances Manilla Kave, Mable Van Buren, Teddy Dean, "Baby" Zoe Rae and Grace Stevens.

Whereas New York has gained much fame as the "subway" town, utilizing space beneath the earth crust, Chicago is moving—in a degree at least—up to the skyline. Chicago's newest and most fashionable colony, instead of building homes in Lake Forest and other north-shore suburbs, is moving into bungalows in the wide open spaces on the roofs of skyscrapers. Here they enjoy all the comforts of a suburban home, even to grass plot and flowers. Added to this, all they need to do is to take an elevator ride of two minutes and they are right in the heart of the city.

There is also a marvelous view of Lake Michigan to be obtained from these bungalows built on the top of 20, 30 and 40-story skyscraper hotels and apartment buildings. The John Drakes, whose son married former Governor Frank O. Lowden's daughter, is one of the skyscraper bungalow colony. Three downtown hotels have bungalows on their roofs, which they usually keep vacant to accommodate such special guests as President Coolidge and Gene Tunney.

Expect Monster Crowds At Sheesley Shows

Baccalaureate Sunday Night

Service To Be Conducted In Scottish Rite Cathedral At 8 P. M.

REV. GEORGE LANDIS TO MAKE ADDRESS

The baccalaureate service for over 300 members of the June graduating class of the Senior High school of this city, for whom commencement exercises will be held on Wednesday evening, June 6, will be conducted in the spacious auditorium of the Scottish Rite Cathedral on Sunday evening, June 3, at eight o'clock, daylight savings time.

The Rev. George M. Landis, pastor of the First Baptist church of this city, will deliver the sermon to the students, having chosen for his subject, "Love at the Cross Roads". He will be assisted by the Rev. A. J. Randles, pastor of the Second U. P. church.

The Senior High school orchestra, comprised of students of every class at the school with the exception of the Senior A division, will provide the instrumental music for the service, while the high school choir will render vocal numbers.

The complete program for the service follows:

Processional—"War March of the Priests from Athalia", Mendelssohn—Senior High school orchestra.

Invocation—Rev. Andrew J. Randles, pastor of the Second U. P. church.

"The Heavens Resound", arranged from Beethoven—Senior High school choir.

Scripture reading and prayer—Rev. A. J. Randles.

"Blessed Is the Nation Whose God Is the Lord", J. S. Fearis—Senior High school choir.

Baccalaureate sermon—"Love at the Cross Roads"—Rev. George M. Landis, pastor of the First Baptist church.

"Softly Now the Light of Day", von Weber—Senior High school choir.

Benediction—Rev. A. J. Randles.

Recessional—Baccalaureate March from Mendelssohn—Senior High school orchestra.

Members of the school's choir who will sing at the service are as follows:

Soprano: Jane Allen, Katherine Babiarz, Katherine Preston, Mary Elizabeth Pitzer, Florence Scott, Florence Shingleton, Sarah Swan, Angela Windish and Virginia Yates.

Alto: Ruth Campbell, Frances Carlon, Charlotte Gibson, Alice May Huffman, Reba Sines, Virginia Slee, Dorothy Thornburg, Ruth Weir and Helen Wilson.

School Annual Out On Tuesday

According to Clarence Bratschie, editor-in-chief of the June edition of "Ne-Ca-Hi", the senior class book at the senior high of this city, favorable progress is being made on the class annual and in all probabilities the book will make its initial appearance after the class night program at the cathedral on Tuesday evening, June 5, as has always been the custom.

Several interesting and decidedly different features will make their bow to the readers when the book is first opened for inspection. It is said that the edition is one of the most attractive issued for some time.

Was This Secretary A Bit Too Previous

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.

WASHINGTON, June 1.—Senator Furnifold McLendel Simmons of North Carolina is somewhat in the fix of one of those celebrated champs of yore—the kind of warrior who used to chop his way so irresistibly into the very midst of the foemen that all at once he'd find himself with nobody but foemen anywhere 'round him—tuckered out—and a darn poor show of chopping himself free again.

Occasionally our hero did it, in spite of everything.

More frequently the foemen finally croaked him. Even so, he invariably made a glorious finish. Nevertheless, that ended him.

• • •

In those days every well-equipped knight had his personal squire.

To read about 'em now, you'd think that the knights were the whole cheese—that the squires were no consequence whatever, except to keep their bosses' armor polished—but I'll betcha there was many a knight who won or lost big scraps according to the tips he got from his squire.

Sir Simmons' squire's yclept Frank A. Hampton—his secretary.

• • •

B'lieve me, Frank Hampton's one super-squire. Any time you walk into Senator Simmons' office to see the senator—if you don't know 'em apart already—I'll guarantee you'll make your bow to Hamp and turn your back on Sir Simmons.

You won't be altogether wrong, either.

Squire Hampton can tell you what's on Sir Simmons' mind in about one-tenth the time you can find it out from Sir Simmons. How they got started as Sir Simmons and Squire Hampton instead of Sir Hampton and Squire Simmons, has always puzzled me—but of course I don't know a darned thing about North Carolina chivalry—I mean-ta-say, politics.

• • •

The way I get the yarn from members of the North Carolina chroniclers' union, the vital part of Hamp's job is to keep Sir Simmons' gang of faithful retainers—"organization", as we say these times—right tight on Sir Simmons' heels when he plunges into a melee.

Obviously that's the correct strategy to prevent Sir Simmons from being cut off, by his lonesome, as described in the first paragraph, and chewed up separately.

It's doubtful, so they tell me, if Hamp has functioned according to Hoyle, in connection with the June tournament at Houston.

• • •

Squire Hamp, the complaint is, committed Sir Simmons too bloomin' irrevocably to a vow to emerge from the Houston combat with Sir Al Smith's coco a-stickin' on his spear-point.

The question is—

Can Sir Simmons get away with it?

Will his faithful retainers—that is to say, his state "organization"—even follow him?

Was Hamp "a little too previous"?

Hamp was an original William G. McAdoo-ite—did it mislead him in this instance?

• • •

It's agreed by everybody—

If Sir Simmons—who surely will be the whole field's champion against Sir Al at Houston—does carry off Sir Al's bean on his spear-point, what he'll subsequently be able to do with that North Carolina retainership—otherwise "organization" of his will be a plenty.

Otherwise—the average guess is—he won't come back to the United States senate two years hence.

Hamp's nerve is all right.

The only query I hear raised, here in Washington, by members of the North Carolina delegation, is—

Is his judgment equal to it?

Senior Play On Monday Night

Will Be Presented In High School Auditorium On June 4

The senior class of the senior high school will present its college comedy, "The Poor Nut", on Monday evening, June 4, in the school auditorium on Lincoln avenue.

The class play will be one of the features of commencement week, which will be ushered in next Sunday evening when the seniors' baccalaureate service is held at the Scottish Rite cathedral.

The entire cast of the play has not yet been announced.

Time doesn't seem to fly when you reflect how few installments you have out of the way.

Professor At Power Inquiry Defends Self

University Of Pennsylvania Professor Admits Receiving Sum For Propaganda

GIVES LECTURES ON PRIVATE OWNERSHIP

(International News Service)

WASHINGTON, June 1.—Theodore J. Grayson, an associate professor at the University of Pennsylvania, can see nothing unethical in receiving pay from power interests to speak against government ownership.

He so testified at the Federal Trade Commission power inquiry Thursday when he appeared as a volunteer witness to refute portions of the previous testimony of Maj. J. S. S. Richardson, publicity director of the joint committee of National Utility Associations.

Richardson had said Grayson was paid $250 each for three lectures which advocated private ownership of power resources. Grayson admitted receiving the money and stoutly defended his action.

Not Propaganda Mill

"I am opposed to government ownership of business and always shall be," said Grayson.

He denied that the public utility course at Pennsylvania was a power propaganda mill.

"Nothing could be more false," he said.

He tried to offer a letter from Richardson in which the latter retracted some of his testimony. Robert E Healy, commission counsel, objected and was upheld. Healy said Richardson had no right to retract anything in a letter which he gave under oath before the commission.

The testimony in question referred to Richardson's statement that he so laid the groundwork that it appeared that the demand for a utility course came from the university officials.

Grayson declared the university itself initiated the course and sought the cooperation of power interests, as it did of insurance companies when an insurance course was established.

The ultility course incurred a deficit of $510 in 1925, but received no money from the Pennsylvania public utility information committee until Nov. 8, 1926, Grayson said. On that date a check for $250 arrived.

Not As Official

"It paid a little less than half of the deficit of the previous year," Grayson explained.

While admitting the undesirability of government ownership was stressed, Grayson said he tried to present both sides in his course. All except three students who have taken the course have been utility employes or bond salesmen, Grayson testified.

During his power speeches, Grayson denied he spoke as an official representative of the university.

Healy then traced some of Grayson's connections the latter said he was a corporation lawyer, in addition to a professor, and has had work before legislative committees and the public service commissions of Pennsylvania and New Jersey. Since 1924 he has been secretary-treasurer of the New Jersey Public Utility Information committee, and is also treasurer of the New Jersey Utility Association, for which he is paid $500 a year.

He is a member of the education committee of the National Electric Light Association.

The commission today announced the appointment of John H. Bickley, of Harrisburg, Penna., as a member of the economic staff to investigate the financing of public utilities. He formerly served with the public service commissions of Maryland and Pennsylvania.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

"Was Mrs. Eagle telling the truth?" suddenly demanded Sonny-Bunny. "Did she really love her adopted baby?"

"She did!" declared Mrs. Bobolink, "and almost as much as your mother loves you, little rabbit. Why, Bob and I saw a man try to take that chick away from her and she nearly tore him to pieces. And Mrs. Eagle was so good-natured, even in her captivity! She and I grew to be good friends."

"Leave it to the ladies to make friends when each of them likes to talk," chuckled Bobolink. "But I must say Mrs. Golden Eagle was a very fine bird. As long as we knew her I never heard her say a cuss word.

"And how devoted she was to her adopted daughter. She would have made a wonderful mother. What a pity it was that she had to live away from her own children. What a pity! Say, wife, do you remember how she hated cats?"

"I should say I did," Mrs. Bobolink winked one eye at Mrs. Gray Rabbit. "But neither we Bobolinks nor you bunnies blame her for that, do we? Cats are our natural enemies, and yet both Bobolinks and Rabbits are too small to do anything but run away from them!

"You should have seen Mrs. Eagle chase cats, though. If one of the sneaky things dared venture within her reach he never did it again.

"WITH ONE BLOW SHE FIXED MR. CAT SO HE WOULD ROB NO MORE BIRD NESTS"

Swish! Swoop! Quick as a streak of lightning down upon him she dropped, and with one fierce blow of her sharp talons she fixed Mr. Cat so that he would go robbing no more bird's-nests.

"That was another reason why we liked her, Bob and I. She did what we would have like to do, and destroyed a creature that was as much of an enemy to us as it was to her."

"Good for Mrs. Eagle!" shouted Sonny-Bunny suddenly. "Only yesterday Whitie, the cat, chased me away from the lettuce patch. Hateful thing, I am sure I should have liked Mrs. Golden Eagle."

"But all eagles are not like our friend, young Rabbit," remarked Bobolink wisely. "So if ever you see one coming your way you better make for cover! Many's the time I have seen one carrying off a baby lamb, and, yes, even a bunny to its lofty nest to make a meal for its babies. Don't trust an eagle any further than you can see it!"

"Why?" demanded Sonny-Bunny, who had begun to think of an eagle as a kindly-bird after listening to Mrs. Bobolink's story.

"Because eagles are quite as cruel as condors, I'm sorry to say!" chirped Mr. Bobolink, and there was no doubt but that he meant what he said. The little bird looked so stern that Sonny-Bunny didn't dare open his pink mouth. He just stared at Bobolink.

Magnesia Best for Your Indigestion

Warns Against Doping Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, follow the advice so often given in these columns, take a teaspoonful or four tablets of Bisurated Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Bisurated Magnesia never dread the approach of meal time, because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and make digestion easy. Try this plan yourself, but be certain to get Bisurated Magnesia especially prepared for stomach use.

SPECIAL FOR SATURDAY ONLY!

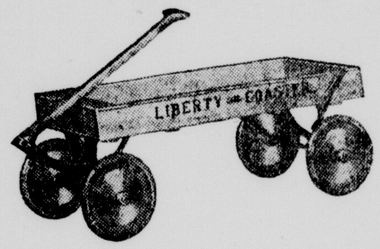
Few jewelers think of boys. They sell jewelry for ladies, men, girls, even babies. Not much thought is given to the boys. The average boy really doesn't care much for jewelry. He would much rather have a fine coaster. To show the boys that were unable to get a wagon at our last sale Perelman's have not forgotten them, we are going to make it so easy for their parents to buy them a wonderful coaster that no plausible excuse for not buying one could be possible. We believe that all the boys who get one of the classy coasters will be Perelman's future customers when they grow up and want to buy jewelry they will remember Perelman's where their wonderful coaster came from.

Selling coasters is a little out of our line, but it is one of the very few ways for us to show the boys we are thinking of them too.

All running parts double steel bushings and roller bearings.

All 10 gauge steel chassis, black enameled.

Coaster bed is 36 inches long and 16 inches wide.



Adjustable steering shaft--aluminum hub caps.

Non skid rubber balloon tires all around.

Heavy disc wheels, guaranteed against breakage.

Boys, just imagine the fun you can have with one of these coasters and the long walks it will save you. This new 1928 model coaster is built for speed, comfort and long life. Designed by expert automotive engineers. Heavy disc wheels bound together by tested steel bands (not spot welded), sturdy under pinings and adjustable handle. Though strongly built of best material they are light enough for small boys to handle and operate with ease. Roller-bearings in hub cannot drop out when hub is removed. Very easily lubricated.

The picture accompanying this announcement was sketched from both photograph and the actual product itself. Notice the big balloon tires and fine springs, frame work and box. Your boy will be proud to have one of these coasters.

Boys must be accompanied by parent or guardian.

Kiwanians Enjoy Song Meeting

ELLWOOD CITY, Pa., June 1. — William McGlincey was leader of the singing at the meeting of the Kiwanis Club at the First Presbyterian church last evening. Mrs. Rowland Haines assisted at the piano.

Owing to the absence of several of the members who were attending the spring conference of the Southwest Division in Pittsburgh, there was no regular speaker scheduled for the evening, and the meeting was mostly of a sociable and musical nature.

Plans to attend the joint meeting of the Rotary Club and the Chamber of Commerce at the Country Club next Thursday were made.

Rotary Club To Be Hosts To Railroad Men At Joint Meet

ELLWOOD CITY, Pa., June 1. — The Rotary Club will be the hosts to thirty-five men from the Pennsylvania and Lake Erie Railroad next Thursday when Rotarians, Kiwanians and members of the Chamber of Commerce will have a joint meeting at the Country Club. The railroad officials will discuss the Round House at Ellwood City.

Plans for this affair were completed at the regular weekly dinner meeting of the Rotary Club, in the First Presbyterian church last evening, and committees were appointed to take charge of the dinner meeting. About one hundred and fifty are expected to be there.

Rev. J. R. Routledge, a veteran of the Canadian forces during the World War, held the interested attention of the club during his talk on his experiences while in the service for four years.

Mrs. Routledge, who was a special guest entertained by a delightful reading "William Tell."

The meeting was well attended.

First Presbyterian To Enjoy Musicale In Praise Service

ELLWOOD CITY, Pa., June 1.—Andrew Calhoun, violinist of note, will assist the First Presbyterian quartette next Sunday evening at the last praise service of the season.

A delightful program is planned for the service which will be a musicale well worth hearing.

Children Rejoice As School Closes

ELLWOOD CITY, Pa., June 1.—Beaming faces of the school children, today, marked the fact that this was the last day of school.

Thursday really ended the work of the term as the pupils returned this afternoon at two o'clock only to receive their reports and to find out whether or not they were promoted to higher grades.

Many greeted the beginning of the vacation with whoops of joy as well as with happy grins as they started on their hilarious ways to play as hard this summer as they studied last winter, so that they will be ready to begin lessons all over again with renewed vigor next fall.

Miss Evelyn Wimer Weds Paul Minteer

ELLWOOD CITY, Pa., June 1. — Miss Evelyn Louise Wimer, daughter of Al Wimer, of Wurtemburg, and Paul Everett Minteer, of Ellwood City, were united in marriage, on Wednesday morning, May 30, at ten o'clock, by the Rev. Maurice Anderson, at the Wurtemburg United Presbyterian church. The couple were attended by Al Wimer and Miss Ida White. Mrs. Homer White played the wedding march.

The wedding party and a few intimate friends went to the home of the bride, at the conclusion of the ceremony, where a delicious wedding breakfast was served by Mrs. Harry Hazen and Mrs. Raymond Nye, sisters of the bride.

After the wedding breakfast, Mr. and Mrs. Minteer went to Jeanette for a short wedding trip from which they will return Saturday.

Better Babies Go To Local Clinic

ELLWOOD CITY, Pa., June 1.—Spring sunshine brought out many mothers with their babies to the Baby Clinic at the Community Service rooms yesterday. Dr. Helling was in charge of the clinic where fifty-nine infants and children of pre-school age were weighed and examined.

There are still a few children to receive their third inoculation against diphtheria which is being given at the clinic. Some were given their last treatment yesterday.

Bumper And Fender Hold Car On Bridge Along Harmony Line

BUTLER, Pa., June 1.—A bumper and rear fender probably saved the life of G. H. Rock of Mulberry street, yesterday afternoon at the over-head crossing of the Harmony line between Lyndora and Highfields. No one was injured.

Rock driving a 1927 Chevrolet coach was coming toward Butler. In some manner he partially missed the bridge, tearing the railing from the side. His car slipped over the edge and the car came to a rest suspended thirty feet above the ground with only the bumper and fender holding it to the bridge.

In its fall the car snapped the trolley line of the Harmony line, sending it to earth and missing high tension wires by inches. Contact with these would have caused instant death, electricians aver.

Sixteen Make Six-Year Record

Given Awards For Especial Thrift Record At Ben Franklin

OVER 300 PUPILS ON AWARD LISTS

Three grades at the Benjamin Franklin Junior High school had 100 per cent in thrift and were awarded recognition in the special thrift exercises held Thursday morning for the Benjamin Franklin Junior High School in their auditorium. These grades were 9A-7 of which Miss Louise Dickson is teacher, 8B-1 of which Miss Florence Schumaker is teacher and 7A-4 of which Mrs. Lenore McGaffic is teacher.

Rev. Ross M. Haverfield, pastor of the Westfield Presbyterian church, was the speaker of the morning and he gave an instructive and inspirational address on the benefits of acquiring the thrift habit. Rob't M. Strickler, Jr., who has charge of the thrift system for the Lawrence Savings and Trust Company, congratulated the 322 students who had saved continuously and presented the awards. Part of the list is printed today and the remainder will be given in Saturday's issue.

The thrift program was in charge of Miss Nanna Jenkins who has supervision of thrift in the Benjamin Franklin Junior High School, and much of the success of this instruction is due to her as well as to Principal Burton and the hearty co-operation of the teachers.

The 16 students who saved regularly every week for 6 years were given special recognition by having their names read and by calling upon them to stand. Their names were: Clara Coryea of grade 9B-6.. Dorothy Cain, Mary Louise Gilroy and Alberta Reeler of grade 9A-1; Virginia Allen of grade 9A-2; Alberta Gilroy of grade 8B-1; Clara Joseph of grade 8B-4; Ned Anderson of grade 8A-3; Gertrude Shaffer of grade 7B-1; Katie Kulich of grade 7B-3; Wilhemina Wonner, Sophia Metta and Jean Kennedy of grade 7B-4; Fred Black and Lester Coryea of grade 7A-5; Anna Padula of grade 7A-8.

The following are the students who saved for five years and received thrift diplomas with gold stars: James McKee, Walter Marco of grade 9B-1; Russell Shaffer of grade 9B-3; Mary Chiprano of grade 9B-6; William Stoner of grade 9A-3; Verna McElroy of grade 9A-7; Joe Serafino, Elma Karki and Alice Jane McCune of grade 8B-1; Sara McKee of grade 8B-2; Mary Ellen Preston, Harold Dickson and Helen Saxton of grade 8B-5; John Thompson of grade 8B-6; Frances Burrows, Theresa Nicoletti and Cosma Scilla of grade 8A-2; Leroy Frey and Raymond Kennedy of grade 8A-3; Frances Nader and Feru Greer of grade 8A-8; Olive Rowland, Evelyn VanBuren, Rovert Burckfield and Frank Pilzys, of grade 7B-1; Katie Kulich of grade 7B-3; Margaret Barnes of grade 7B-4; Mary Beniga, Charles Campbell and Gilbert Levine of grade 7A-1; Ralph Grove and Tony Pegnato of grade 7A-3; Frank Meriando of grade 7A-4 and Pauline Diller of grade 7A-9.

The following are the ones that saved for four years and received a thrift diploma: Helen Book of grade 9B-1; Dorothy Mumford and Stewart Loveridge of grade 9B-2; Agnes Casalandra, Anna Belle Cherol and Helen Tardelli of grade 9B-6; Lorive Rashid of grade 9A-2; Eleanor Morgan of grade 9A-8; Richard Doonan, Lello Gensante, Ernest McMullen, Grace Bell, Virginia McKee and Edith Ziegler of grade 8B-1; Harold Boeth, Frank Reed, Mary Norris and Lois Pinney of grade 8B-2; Charles Rumstay of grade 8B-4; Ida Alexander of grade 8B-5; Thelma Parrell of grade 8B-6 Gertrude Saul and Joseph Olescyski of grade 8A-2; William Gromes and James Yerage of grade 8A-3; Mary Clobucher, Amelia DeCaprio, Lois Hinkson and Margaret Gonda of grade 8A-4; Anna Davis and John Whiteman of grade 8A-5 and Geraldine Dilks of grade 8A-8.

Wilma Kirol and Ruth Phillips of grade 7B-1; Mary Loveridge of grade 7B-2; Nellie Dean of grade 7B-3; Elwilda Sherbine of grade 7B-4; Ruth Greer of grade 7A-2; Olga Kozlowski of grade 7A-3, Louis Farone and Lenora Black of grade 7A-4.

The following are the ones that saved a coin a week for three years and received thrift champion certificates: Edith Sherbine and Adele Wolfe of grade 9B-1; Marie Fletcher and Frank Faronne of grade 9B-2; Mary Alford of grade 9B-6; Celia Ginocchi and Thelma Hemphill of grade 9A-1, Cyril Jones of grade 9A-2, Forrest Fleeger of grade 9A-3, Angeline Augustine, Virginia Fusco and Sara Hetrick of grade 9A-7; David Brown, Louis Cubellis, Robert English, Arthur Gorman, Adelaide Dute, Margaret Ferry, Lellian Hemming, Catherine Ronci and Jean Wimer of grade 8B-1; Howard Robinson and Cora Boston of grade 8B-2, Condito Dely of grade 8B-3, Perry Reeher and Jacob Thomas of grade 8A1, Grace Cook, Albert Dely, Augustine Restivo and Nick Cubellis of grade 8A-2, Louis Burnett of grade 8A-3, Hazel Farris, Helen Kirkwood and Rose Sacripant of grade 8A-4, Josephine Yeck of grade 8A-5, Fannie Davis, Margaret Lovejoy, and Fred Joseph of grade 7B-1, William Blews and Sheffler Sherman of grade 7B-2, Joe Campbell of grade 7B-3, Thelma Heath of grade 7B-4, John Komarc, Bessie Nader, Bertha Greensberg and Helen Boya of grade 7A-1, Mildred Gill of grade 7A-2, Mary Pataki of grade 7A-4, Alberta Davis of grade 7A-5, William Wilson of grade 7A-6, Filomeno D'Eletto of grade 7A-7.

"WORTH WEIGHT IN GOLD"

Verdict of Woman Who Tried Pinkham's Compound

Tully, N. Y.—"It hurt me to walk or sit down without help and I felt sick and weak. My mother-in-law took Lydia E. Pinkham's Vegetable Compound and she induced me to take it. I am now on the fourth bottle and have also used Lydia E. Pinkham's Sanative Wash. The medicines that will do for me what the Vegetable Compound and Sanative Wash have done are certainly worth their weight in gold. I think I have given them a fair trial and I expect to take two more bottles of the Vegetable Compound."—Mrs. Charles Morgan, R. F. D. 1, Tully, N. Y.

How to make

Strawberry Jam

keeping the berries whole and plump

Your jam will taste enough like fresh strawberries to use in strawberry shortcake this winter if you make it this easy, short-boil way with Certo.

Select about 2 quarts small sized fully ripe berries. Large berries may be used for Crushed Berry jam. (Recipe in booklet which comes underneath the label of each bottle of Certo.) After hulling, weigh out 2 lbs. berries. Measure 7 level cups (3 lbs.) sugar into small separate pan. Spread about one quarter of the berries on their sides in single layer on a platter and gently press each berry to a thickness of ¼ inch with bottom of tumbler or small bottle. (This leaves skins nearly whole but breaks fruit inside and allows boiling sugar to soak into berries quickly.) Put layer of pressed berries into large kettle and cover with layer of sugar. Do this with all the berries, placing layers of pressed berries and sugar alternately in kettle, putting balance of sugar on top. Add juice of one lemon. This addition gives a quicker set, keeping the fruit evenly distributed in the jam.

Let stand overnight or at least 3 hours, so that part of the sugar will be dissolved and mixture can be stirred and cooked without breaking up the fruit. Use hottest fire and stir constantly before and while boiling. Bring to a full rolling boil and boil hard for 3 minutes, remove from fire and stir in ½ cup Certo. Skim and stir constantly for just 5 minutes after taking from fire to cool slightly, which prevents fruit floating. Then pour quickly and cover hot jam at once with hot paraffin wax. Suggestion: Two glasses of excellent jelly may be ladled off from the clear syrup, before filling the remaining glasses with the solid whole fruit.

The short boiling time, possible only with Certo, prevents the loss of delicate flavor and the darkening in color which used to occur during the old long boil. It also gives you a much larger amount of jam, since you save the large quantity of juice which used to boil away.

Recommended by Sarah Field Splint

Certo is the natural jellifying substance of fruit, refined and bottled. Miss Sarah Field Splint, Editor, Department of Foods and Household Management, McCall's Magazine, calls it "one of those modern aids to housekeeping which no woman should willingly do without."

Get Certo today from your grocer. A book of "never-fail" recipes for unusually delicious jams, jellies and marmalades comes under the label of each bottle.

Examinations Close Today

Senior High School Students Are Concluding Their Exams This Afternoon

Regular semester examinations for the under class students of the New Castle senior high school, which have been in progress since Friday, May 25, will come to a close this afternoon at 3:30 o'clock. Although this will mark the end of the regular examinations, make-up tests will be given all day on Tuesday, June 5, for those students who will be required to take re-exams.

The entire student body, including the seniors, must be present at the school on next Monday morning, as regular school sessions will be carried out at this time. Grades for the past six weeks of work and those of the semester finals will be recorded on the grade cards, and other matters of importance will be attended to. There will be no school, only for the re-exam students, on Tuesday.

On Wednesday, the last day of school for this term, the students will be required to attend all class sessions, which will be 20 minutes in length. At 1 o'clock in the afternoon school will be dismissed for the summer vacation period.

Deepening Shadows

Brass Tacks On The Sunday School Lesson

The Golden Text

By DR. ALVIN E. BELL

Our feet are treading on holy ground when we come in this lesson to interpret the scenes and words of the upper room and the Garden of Gethsemane on that Thursday night before our Lord's death.

The Master was celebrating the Passover with his disciples with all of the solemnities which through the centuries had attended this ancient rite, when he made the startling announcement "Verily I say unto you, One of you shall betray me, ever he that eateth with me." And, be it said to their credit, the disciples each one suspicioned himself rather than Judas or any other of his fellows. "They began to be sorrowful, and to say unto him one by one, Is it I?" When the sudden summer storm arises each housewife thinks forst of her own open windows rather than her neighbors. And so should it be with the horors of sin's possibilities. Let each one look to his own sinful heart as did the disciples here, and let him ask, "Lord, is it I?"

The Final Appeal to the Betrayer

The Lord Jesus made his last loving appeal to Judas Iscariot to turn the betrayer from his perfidy when he let him know that his treachery was known to him, as he said, "It is one of the twelve that dippeth with me in the dish. The Son of man indeed goeth, as it is written of him: but woe to that man by whom the Son of man is betrayed." Jesus went even further when he selected Judas as the one to be specially favoured with the morsel dipped in the dish and given personally by the hand of the host to the guest for whom he specially wished to show his love: "And when he had dipped the sop he gave it to Judas Iscariot. And after the sop Satan entered into him." This last supreme appeal of love was wasted. Judas was determined to be the son of perdition.

Betrayal Possible Only to Discipline

It is not surprising that a disciple was the betrayer of Jesus. To this day none but disciple can betray Christ. An enemy can never betray our trust, for we put no trust in him. This is something only a friend or disciple can do. So when we become Christians we increase tremendously our possibilities not only of helping but of hindering the cause of Christ.

The Lord's Supper

It was at this hour of betrayal that Jesus instituted that sacramental gift of supreme love and fellowship which we call the Lord's Supper, and which St. Paul interprets as the holy "communion of the body and blood of Christ." In spite of the fact that the shadows of the cross were falling heavily over the supper table the love feast was begun with thanksgiving and closed with the singing of a hymn. And ever since communion with Christ has enabled his followers to sing in the midst of the shadows and from the depths of sorrow.

Gethsemane

From the supper table Jesus went with his disciples to the Garden of Gethsamane. Leaving eight of them near the entrance, he took Peter, James and John further with him into the olive grove and begged them to watch with him while he went a bit further into the shadows to pray. When they failed to watch as he prayed he finished his prayer and then watched over them as they slept and awakened them only as the betrayer arrived. The agonizing prayer Jesus uttered here amidst strange crying and tears and bloody sweat is understood only as we remember that the crushing load of the world's sin was settling down upon him now. "Making him to be sin for us who knew no sin." The cup he feared was not physical but spiritual death as the wages of the world's sin. He was dying not as a martyr but as a savior. He feared the cross not so much for its effect upon himself as upon the Father's attitude towards the crucifiers and us. This is why his soul was "exceeding sorrowful even unto death," and why he prayed "Father all things are possible unto thee; remove this cup from me: howbeit not what I will, but what thou wilt."

(The International Uniform lesson for June 3, is Mark 14:1-42, the subject being "Jesus Facing Betrayal and Death," and the Golden Text, Mark, 14:36 "Not what I will, but what thou wilt.")

Senior Reception At Westminster

Dr. Wallace Receives Members Of Graduating Class And Faculty Members

(Special To The News)

NEW WILMINGTON, June 1. — Capping in importance all the formal social events of the college year was the senior reception held at the residence of Dr. Charles Wallace, Westminster "Prexy", Thursday evening.

At this party Dr. and Mrs. Wallace received all the members of the graduating class along with several of the faculty members who were special guests. Dean Charles Freeman of the college and Dean C. B. Robertson of the women's dormitory were present at the reception.

Following in the line of many of the other annual receptions tendered to the seniors by the college president, conversation and activity yesterday evening dwelt on the subject of incidents in the seniors' collegiate past.

New! NEVER BEFORE AN UNCONDITIONAL GUARANTEE 25,000 MILES SUPER ALLSTATE

We Guarantee

We guarantee SUPER ALLSTATE Tires for 25,000 miles of continuous service under any and all conditions. You alone are the judge. If for any reason whatsoever you are not satisfied with any SUPER ALLSTATE Tires we will repair or replace them within a period of three years from date of purchase on the basis of 25,000 miles service.

Sears, Roebuck and Co.

And NOW—the greatest tire achievement of all time is here offered to the world for the first time! A tire so massive, so strong, so sturdily built, so near to perfection, that the most glowing description we might give it would still not do it justice.

Here is realized the hope of tire engineer and tire user, a trouble-free, road master. It seems almost too good to be true. It's real! It's here. And you'll believe it surely when you read this guarantee:

We guarantee SUPER ALLSTATE Tires for 25,000 miles of continuous service under any and all conditions. You alone are the judge. If for any reason whatever you are not satisfied with any SUPER ALLSTATE Tires, we will repair or replace them within a period of three years from date of purchase on the basis of 25,000 miles service.

And that's a guarantee THAT IS A GUARANTEE. No "ifs" or "buts" about it. Read it again. See what it says—"25,000 miles under ANY AND ALL CONDITIONS." And that's just what we mean. No exceptions are made. Some guarantee? Well it's some tire.

Farm Veto Results? Prophets Confused

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.

WASHINGTON, June 1.—You can find prophets to foretell the result of President Coolidge's veto of the McNary-Haugen farm relief bill any way you want it foretold.

It means that at last the president has definitely eliminated himself as a renomination possibility—the farmers are so sore that they won't give him a chance to refuse to be drafted—or to consent to it, either.

On the contrary, he's placed himself in a position where he'll have to consent to be drafted—to vindicate himself.

* * *

No, he won't have to do any such thing. It will do him just as well to have Herbert Hoover nominated—because Herbert's as plainly on record as he is; against the McNary-Haugen principle.

Yes, so he is—and that's precisely why Herbert's nomination has become so absolutely impossible.

Coolidge and Hoover both are out of the picture—the farmers won't have either one of 'em—Frank O. Lowden will be chosen at Kansas City. That is, in other words, Charles G. Dawes will be.

* * *

That last conclusion—in favor of Dawes—or Lowden—hasn't, however, a single good leg to stand on—for the simple reason that it's utterly out of the question for the Republican party to repudiate a major Coolidge policy on the eve of an election.

Thus it's evident that Coolidge must waive his objections and run again—or, so to speak, that Hoover must be nominated.

Of course the Curtis, Watson, Goff and other assorted prophets aren't in complete accord with the Coolidge, Hoover, Lowden and Dawes prophets—or with one another. But it would take too long to repeat all their views. It's a trifle confusing, anyway.

* * *

The only thing the Republican prophets all do agree on is that the veto hasn't damaged "G. O. P." prospects in November one little bit.

To get this angle of the situation we must consult the Democratic prophets. These latter have their own differences of opinion among themselves, too, but like the Republican prophets, they all do agree on one thing—

"G. O. P." prospects in November are shot all to thunder.

The farmers have been largely Republican hitherto, but now—the way the Democratic prophets figure it—they're going to flop over to the Democratic side, to get the McNary-Haugen bill passed.

* * *

At this point we run into a queer enough state of affairs to knock all logical prophecy galley west and crooked.

The McNary-Haugen plan's a protective tariff proposition.

Yet Calvin Coolidge, the high priest of the loftiest kind of a protective tariff, not only vetoes the McNary-Haugen bill, but roasts it to a brown turn as "uneconomic".

Whereas the Democrats, who always have said the Republican tariff rates were robbery, are offering the farmers all they want of same—if they'll flop over and vote the Democratic ticket.

* * *

Some prophets don't believe the Democratic party really can turn itself inside out like this, when it comes actually to doing it.

They think the thing will resolve itself into a fight, not to pass the McNary-Haugen bill, but to cut the top off the tariff rates that we have already—to equalize down instead of equalizing up.

The truth is, the prophets are all mixed up. You can't trust any of 'em.

Earl Will Marry Daughter Of London Night Club Owner

(International News Service)

LONDON, June 1.—A marriage that will admit the daughter of a night club owner into the British peerage is expected to take place in the St. Marylebone registry office tomorrow. The nuptials will unite the Earl of Kinnoul and Miss May Merrick, elder daughter of Mrs. Kate Merrick, who is known in London as "Queen of the Night Clubs."

The Earl, who is 26, was divorced from his first wife—a $5,000,000 heiress—in Scotland last November.

Mrs. Merrick owns several night clubs and it is nothing new for her daughters to stroll into the peerage via the altar. Another daughter, Dorothy, is married to Lord De Clifford.

County Detective Seizes Still On Blunston Avenue

Something new in what the well equipped distiller will use this summer has been added to the collection of County Detective William C. Fleming.

Swooping down on the home of Lorenzo Rich of Blunston avenue the county detective seized a 50 gallon still equipped with a cooling device that looks like a modern air cooled motor. The still was warm and 17 gallons of finished product were near it the officer says.

Mr. Rich was out at the time and the county detective left his calling card. He expects to have the visit returned. Mrs. Rich is being held under $1,500 bail.

Class A High School Champions

PLAINGROVE HIGH LITERARY TEAM.

Standing—Dorothy Brenneman debater; W. R. Hill, Principal and Coach of team Erla Bingham, debater.
Sitting—Lillian Patterson declaimer; Margaret McCune essayist; Ruth Adams orator; Gertrude Eppinger, debater.

In 1927 Plaingrove high school won the cup in Class B. schools of Lawrence county. This year the school was given a class A. rating and the literary team again won the cup in class A. Plaingrove high school defeated Union high school and New Wilmington high school and tied Bessemer high. The tie was decided by two contests—one at Bessemer, the other at Plaingrove. Plaingrove came off victorious with a total of seven points out of a possible 10.

American Campaign To Outlaw Dope To Be Launched Anew

Campaign Against Dope To Be Launched At Interparliamentary Union Session

(International News Service)

WASHINGTON, June 1.—The American campaign to outlaw "dope" throughout the world will be launched anew at the interparliamentary union in Berlin on August 23, Rep. Stephen G. Porter, R., of Pennsylvania, chairman of the house foreign affairs committee, said today.

Fortified by congressional support of his own bill to establish federal narcotics farms, Porter will seek action on a resolution calling for worldwide recognition that drug addiction is a disease and demands compulsory treatment of addicts.

The resolution proposes that the delegations at the interparliamentary union, representing the highest legislative bodies of more than 40 nations, urge their governments to take drastic action to end the "dope" evil.

Porter will present statistics designed to show that narcotic drugs cause more than a billion dollars economic waste in the United States every year.

Improvements To Be Provided

Council Passes Number Of Measures To Provide For Street Improvements

Councilmen convened in formal session at city hall today and passed several improvement ordinances, among them an ordinance which provides for the paving and grading of Euclid avenue between Delaware avenue and North Mercer street.

Other ordinances passed finally which will become effective within ten days follow:

Grading and paving of Blaine street between Lincoln avenue and Euclid avenue.

Sanitary sewer in Vine street between a point north of Belmont avenue, south 380 feet.

Locating, establishing and ordaining of Vogan street between East Washington and Cascade streets.

Storm sewer in Rose avenue between Stanton avenue and Cascade street.

Appropriation, condemnation and purchase of John Y. Sheehy lot Seventh ward for ejector station site.

Grading of Lee avenue north of North street.

Relative to grading of Cascade street which is planned by a bill in committee council approved the plans today.

May Award Balloon Race Prize Money To Widowed Women

(International News Service)

PITTSBURGH, June 1—Prizes of approximately $3,100, which were to have been awarded to the winners of the National Elimination Balloon races here, may go to the widows of the two men killed in the race, it was indicated here Thursday.

The U. S. Army Balloon No. 1 won the race when it landed at Weems, Va., at 6:10 a. m. Thursday, having drifted the 350 miles from Bettis field, McKeesport in 12 hours 32 minutes.

Lieut. Paul Evert, pilot of the Army Balloon No. 3, from Langley Field, Va., and Walter W. Morton, aide in the Goodyear V entry, were killed and two others were injured when thirteen of the fourteen balloons entered crashed in nearby counties in a terrific rain and electrical storm.

Second Lieut. U. G. Ent, who risked his life in the Army No. 3 in a vain effort to save Lieut. Evert's life said he believed it to be the wish of all participants in the ill-fated race that the prize money go to the widows of the men killed.

Lieut. Hynes McCormick, Army operation officer from Scott Field, Ill., arrived in Greensburg, Pa., to take charge of the bodies of the two men killed.

Weems, where the winning balloon landed, is near the Atlantic Ocean, and it is thought here that Capt. W. E. Kepner, pilot and Lieut. W. O. Eareckson, aide, may have landed to avoid drifting out to sea.

How To Achieve Beauty

By MME. HELENE RUBINSTEIN
Noted Beauty Expert

FEET ARE TWO-THIRDS OF FASHION

Once upon a time a woman simply didn't exist below the waist. That she had legs was vaguely suspected, but for modesty's sake the matter was veiled in a mystery of doubt, silence and petticoats.

Then skirts took a skyward flare. Little by little "limbs" became legs—and visible! All the fuss and flurry cooled down to normalcy, for after all, what mystery was there to it? Everybody had legs. They weren't even confined to femininity. Soon the world grew used to them and even cocked a critical eye at what once was a deep, dark and slightly naughty secret. After that women began to realize that if legs were going to mean anything, they had to be beautiful legs. They couldn't get by any longer on shocks.

So now legs that were not born beautiful are having it thrust upon them, and the foot its shape, position and vesture has assured a new prominence in beauty.

A small foot was an adorable thing in the day of crinolines. In China, the "golden lilies"—poor little deformed feet were marks of high rank. The origin of this deformity was the pride of man. It was to the husband's or father's honor to announce to the world that his wife and daughters need not stir their feet to labor. They could afford to be helpless! With the Manchu dynasty another class of women came into Old China. The pride of the Manchus was in the helpfulness and companionship of their daughters. Soft hands might hover over the sacred gold fish ponds, but those same hands were useful as they prepared the evening rice for the Household Gods. Slender feet tripped lithely through the garden paths, but they were strong, undeformed, capable of carrying the weight and vitality of these advanced women to useful and pleasurable pursuits.

The Old Chinese women still treasure their golden lilies, but the Manchurs have left their unenlightened countrywomen far, far behind in the path of progress.

In the romantic nineteenth century women were busy being beautiful for men. Their feet were just large enough to fit nicely on the pedestals built for them. And then came a movement of progress. There was a great wave sweeping outward toward the West. A wave of pioneers who were grappling with the earth to bring forth health, wealth and livelihood.

Helpless hands became brave hands, tiny feet grew strong, muscles expanded and soon we became a nation with the heritage of "service"—of women who worked and earned in partnership with their men, women with strong, fine hands and well proportioned feet.

That's why American women have normal sized feet, much larger than the Parisienne, for instance, who never will know the joy of gay hikes in the spring rain, of long days of gardening, thrilling golf games and all of the other work-a-day pleasure of a work-a-day world.

American feet are in beautiful proportion, for American women are scornful of a short or narrow shoe.

Feet can be frankly large, but if the entire line from knee to toe is in proportion, it doesn't matter in the least. Graceful line and good grooming are the two great essentials of foot beauty.

If you have ever noticed a modern woman, with abbreviated skirt, long silk stockings, and crossed legs, you will see that fully one-half the picture is legs! Today no woman is beautiful who does not carry herself well. Well shod feet are the keystones to correct posture.

WRITES FROM SOUTH

Saint Cloud, Fla.,
May 24, 1928.

The News
New Castle, Pa.

Many of the winter tourists from New Castle will be sorry to learn of the death of Mrs. Frank Kenny, which occurred Monday, May 21, after a short illness. She was taken sick at the Wednesday evening prayer meeting of the Christian church last week and grew steadily worse, relapsing into unconsciousness Sunday evening and dying the following morning.

Mrs. Kenny was a native of Pittsburgh and had passed her 80th birthday in February. She and her husband, who is a minister, were among the early settlers of St. Cloud, coming here from Texas, where her husband has held various pastorates.

The northern exodus continues with still more leaving with the closing of schools June 1. Here is hoping that we may soon strike an angle of repose. As it is, there are not many left but those who hold office and those who hope to.

Recently I spent two days at DeLand as the guest of Mrs. Pixley, formerly of St. Cloud. Shortly before that, with some other friends, we drove to Oveido, a small town in the formerly unexplored region northwest of Orlando. This is muck land and is being developed extensively into small farms. Land is being cleared, much of it is tiled, fenced, water and electric current supplied, and tasty buildings erected. Water is gotten from deep flowing wells as has a strong taste of sulphur, and is reached by broad, hard surfaced marl roads.

Not having been about much this winter, I was surprised at the mileage of the new roads we found. Orange county had bonded itself two years ago to the extent of several millions of dollars for road building and has certainly done wonders with it. It is now possible to go from St. Cloud to the coast either by Kissimmer or from Narcoossie where the newly finished wide road begins, without fear of unimproved stretches of sand which once vexed us and took the poetry out of driving. An advantage noticeable in the states from Virginia south which appeals to the tourist, is the building of roads by the most direct routes and keeping the main thoroughfares out of the towns. We found that it is possible now to go to DeLand without passing through any of the villages as well as the city of Sanford. I did not learn whether there was a route continuing around DeLand to the coast or not.

Politics are getting pretty warm now with everything from governor down to be elected and the Democratic primaries due June 5. Our present governor is running for the U. S. senate, the head of the highway department is one of the numerous candidates for the governorship, and so on down the line. And everyone is trying to lay claim to the credit for good roads, especially the Tamiami Trail, which was opened April 25 with a wonderful motorcade and much speech-making and barbecuing.

Perhaps one of the most humorous angles of the political situation to an unregenerate Republican is Ruth Bryan Owens, running for congress with a plank in her platform: "a protective tariff to safeguard our industries," meaning, in this case, to keep Mexico from sending in vegetables. The principle, it seems to me, is about the same, whether is be tomatoes or railroad steel.

We are at last getting rain which was much needed. About two inches fell one day this week. Heavier rains north of us have raised the lake so that water is now running through the canal. Fishing is again allowed and we are hoping to get out a day next week.

Mr. McKay has been away for the past two weeks taking medical treatment near Kansas City, Mo. Word received from him is that he is progressing favorably but does not know when he will come home.

The outlook for the citrus crop is good. Vegetables of all kinds are plentiful; strawberries are still with us, cheaper and of a better quality than at any time during the season. Blackberries are in and are selling at two quarts for a quarter. Huckleberries are plentiful too, and new home grown peaches and watermelons came on sale this week.

The weather is delightful, but all our rains are followed by a decided drop in temperature, and we have much high wind.

Plan Philadelphia To Paris Flight

Two Men And Woman To Make Hop Across Ocean This Summer

(International News Service)

PHILADELPHIA, June 1.—A twin-motored Sikorsky seaplane, piloted by a former army aviator and a navy flier with a woman passenger, will take off from Philadelphia in a month or six weeks for Paris, it was learned today. The proposed flight is sponsored by civic officials and prominent citizens of this city.

Captain Louis V. Emberger, World war veteran of this city, and Lieutenant Arthur Gain, crack navy flier, now stationed at the Philadelphia navy yards, will pilot the flying boat. The identity of the woman passenger has been kept a secret.

Medal Awards Made At School

Special Program Is Observed At S. S. Philip And James Church

Combining their annual Memorial Day service with the presentation of the American Legion Medal Awards, the students of S. S. Philip and James church on Hanna and Chartes street presented an interesting program on Tuesday, May 29.

The program for the most part was the work of the students, and the medal award presentations were made by P. J. Dempsey, District Deputy Commander of the American Legion.

The program follows:

Pledge to the Flag—All.

"Columbia, the Gem of the Ocean—Children.

What I Live For—W. Dombek.

"Just Before the Battle Mother"—Sixth and Seventh Grade Boys.

"The Dying Soldier"—M. Jaszkiel.

"The Battle Cry of Freedom"—Sixth and Seventh Grade Girls.

"Memorial Day," Speech—Mr. P. Dempsey.

"Star Spangled Banner"—All.

When an Oklahoma building was razed the other day, it was learned that the corner stone had been stolen along with its supposed contents of old liquor. Moral: Put hop toads in your corner stones; they stay put.

Anniversary Dinner Enjoyable Affair

Rev. and Mrs. S. J. Walker of 933 Moravia street celebrated their thirteenth anniversary at St. John's Holy church, 1015 Moravia street, Wednesday, May 30.

There was an impromptu program given which was much enjoyed by fifty or more guests, under the auspices of Miss Hattie Charles of Cleveland. Many attractive selections were presented which gave credit to those who participated. The out of town guests were Mr. and Mrs. David Canada, Mrs. William Canada of Youngstown, Mrs. Rose E. Hall and Miss Hattie Charles of Cleveland.

Refreshments were served in buffet style by Mrs. Coleman and Mrs. Wright. The menu consisted of chicken salad on shredded lettuce, saltine cheese sandwiches, Parisian style, ice cream and lemonade, plain and orange cake.

Many handsome gifts were received by both the host and hostess. The hours were most enjoyably spent by all who attended.

Boy Scout News

NEW WILMINGTON

The New Wilmington troop 1 met at the city hall Tuesday evening at 7:30. The color ceremony was held before the business was started. Arrangements were made at this meeting for the putting up of flags on Memorial Day, also memorial services in town and in the nearby cemeteries.

Scout Blondell Moon gave the scout oath before the troop and was sworn into the troop.

The jamboree scouts of the troop took an overnight hike last Friday evening to Anderson's woods about two miles south of town.

A patrol meeting has been called by Scoutmaster Jack Hulme.

The New Wilmington troop is very sorry to have their assistant scoutmaster, Edward Brown, leave them. He has been called away on business to Illinois where he will remain. He has done a great deal for the New Wilmington troop and his services will always be remembered by the troop. "Ed" has been with the troop since it first began and we are sorry to have him go.

Thomas Rogers, Jr., scribe.

JAMBOREE ELIMINATION

Scouts: One week from today will be held the county elimination meet for the jamboree. Are all the patrols registered and ready? Do not wait until the last.

Gambling Devices Taken In Raid By Ambridge Officers

(International News Service)

AMBRIDGE, Pa., June 1 — Police today are investigating Communistic literature and gambling devices said to have been obtained by county detectives and Ambridge police when they raided the St. Nicholas Club here. Joseph Ferderbar, steward, was being held for court action on a liquor charge. Eight men charged with gambling were held over.

Hoover Backers Not Discouraged

West Virginia Primary Defeat For Hoover Fails To Elicit Discouragement

GOVERNOR SMITH HAS BIG MARGIN

(International News Service)

WASHINGTON, June 1.—All hands claimed a measure of victory today in West Virginia's presidential preference primary.

The "Allies" against Herbert Hoover were encouraged over his defeat by Senator Goff, favorite son candidate, by a margin estimated at between 12,000 and 15,000. It revived their hope that the secretary of commerce, who has amassed the highest delegate total of any of the candidates, can be stopped at Kansas City. They plan to press the "defeatist" talk against Hoover by declaring that West Virginia, following his Indiana defeat, shows he is not the vote-getter his friends proclaim.

Not Discouraged.

Hoover managers refused to be greatly discouraged, claiming that he will have at least six of the 19 West Virginia delegates. The result is not binding upon the delegates. They declared his showing was satisfactory inasmuch as he ran well against a favorite son backed by a formidable state machine. They pointed out that history has recorded few instances where an "outsider" has triumphed over a native son in such contests.

Gov. Al Smith of New York came out of West Virginia in a strategic position by virtue of his victory over Senator James A. Reed of Missouri by between 8,000 and 10,000 votes for the Democratic preference. Reed has been behind in every contest in which he faced Smith.

IT'S MAN'S WORLD IN COAST CITY

South Africa Is Suffering From Drought

PORT ELIZABETH, South Africa, May 29.—Settlers in the Little Karoo and other districts of Cape Province have not seen rain for four years and are suffering from conditions occasioned by the worst drought in the history of South Africa.

In the town it is a matter of considerable inconvenience and to farmers it is a catastrophe of the first magnitude. For years they have striven to stave off the evil hour when the homestead must be abandoned, but more and more are giving up the continual battle against climatic conditions.

Even the vultures have departed from the area, leaving the bleached bones of countless sheep and vast tracts of country, but a few years ago the fertile lands of prosperous farmers, are now arid wastes. Many empty farmhouses are falling into decay.

But farmers on the edge of the drought area are still carrying on. For several years it has been the custom to board out their sheep and cattle, sending them hundreds of miles away by train to fertile districts. Well after well has dried up as the months pass without rain, every day the relentless sun shines down on a dusty land from which the last vestige of green has long disappeared, and it almost seems that a new desert must be marked on the map of the British empire.

Burton May Seek Ohio Senatorship

Representative Theodore E. Burton To Visit Ohio To Test Strength

(International News Service)

WASHINGTON, June 1.—Rep. Theodore E. Burton, R., of Ohio, who is considering a campaign for the Republican senatorial nomination in Ohio, probably will make a trip to that state next week before reaching a decision, he indicated today. Rep. Burton, who is 77, served one term in the senate. The Ohio vacancy was caused by death of Senator Frank B. Willis.

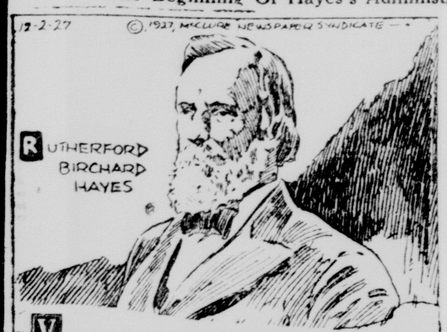
HIGH LIGHTS OF HISTORY

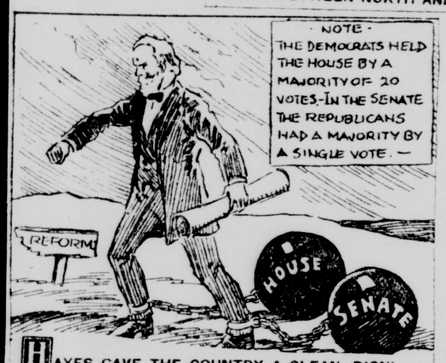
By J. Carroll Mansfield

The Beginning Of Hayes's Administration



VOTED INTO THE PRESIDENT'S CHAIR BY AN EXTRA-LEGAL ELECTORAL COMMISSION ONLY TWO DAYS (MARCH 2, 1877) BEFORE HIS INAUGURATION, PRESIDENT HAYES BEGAN HIS TERM OF OFFICE UNDER MANY DISADVANTAGES. HALF THE COUNTRY BELIEVED THAT HAYES HAD BEEN FRAUDULENTLY ELECTED AND THAT THE DEMOCRATIC NOMINEE, TILDEN, SHOULD BE PRESIDENT.

HAYES WAS NOT POPULAR WITH THE LEADERS OF HIS PARTY. THEY HAD WANTED A "PARTY" MAN WHO WOULD LOOK AFTER THE INTERESTS OF THE "MACHINE" THAT HAD ELECTED HIM, BUT, INSTEAD, HAYES BEGAN HIS ADMINISTRATION WITH THE INTENTION OF REFORMING THE CIVIL SERVICE AND WIPING OUT THE DIFFERENCES BETWEEN NORTH AND SOUTH.



HAYES GAVE THE COUNTRY A CLEAN, DIGNIFIED ADMINISTRATION, THOUGH HE WAS HAMPERED IN HIS EFFORTS FOR REFORM BY BOTH THE SENATE AND THE HOUSE. THE HOUSE WAS DEMOCRATIC, WHILE THE REPUBLICANS IN THE SENATE WERE HOSTILE TO THE PRESIDENT FOR HIS CONCILIATORY POLICY TOWARD THE SOUTH.

ONE OF HAYES'S FIRST ACTS WAS TO WITHDRAW THE FEDERAL TROOPS THAT HAD BEEN UPHOLDING THE REPUBLICAN GOVERNMENTS IN SOUTH CAROLINA AND LOUISIANA. THE SOUTHERN DEMOCRATS AT ONCE REGAINED CONTROL OF THESE STATES, TO THE CHAGRIN OF THE NORTHERN RADICAL REPUBLICANS, WHO CENSURED THE PRESIDENT SEVERELY.

Canton Hopes To Take "Cents" Over

First Encounter With New Castle Here Resulted In Canton's Defeat

GAME SCHEDULED TO START AT 3:15 P. M.

George Textor and his aggregation of O. & P. leaguers will try to atone Saturday for their defeat at Beaver Falls by taking a victory from Canton at Centennial field.

New Castle won the morning game from Beaver Falls but lost the second clash when a home run by Carnegie drove Jones ahead of him and gave Beaver Falls a 2-0 game.

Morley had the best of the duel with Whitmore but Carnegie hit one of his offerings on the nose and by the time the ball had been returned the two runs had been placed on the scoreboard.

In the morning game here New Castle took a three run lead in the fifth and was never headed. Hart, a newcomer to the local team's ranks outpitched Johnny Pearson who gave way to Semler.

Lost One Game

Canton lost the first game played with New Castle here and naturally the Cantonians will be eager to even up. The fact they are in the cellar may not bother them.

It is said that during the last few games the morale of the team has improved and every one on the team is anxious to hand a setback to New Castle.

To do this the Cantonians will have to hit some good pitching as all of the Textorites are hurling good ball.

Leonard Gets Four Hits

Leonard had a big day, Tuesday, as he poled four hits. He got three in the morning and one in the afternoon. Hogan got a total of three while Grimes got two in the first game.

Only one error in the two games was made by New Castle which shows the team is fielding at a fast clip. No stolen bases were charged against Yoxchelmer in the two contests.

The game will start at 3:15 p. m. with Warner and McCann officiating and with warm weather predicted it is probable that a banner crowd will witness the tilt.

Haley To Pitch For Centennials

"Hackey" Haley will pitch for New Castle against Canton at Centennial field Saturday afternoon, it was announced today by George Textor.

Haley was signed to play for New Castle yesterday.

He had a good record with the Youngstown O. & P. team last season.

Croton Swamps Mahoning 20-5

Croton M. E. baseball team went on a rampage last night at the Pennsy grounds and toppled the Mahoning M. E. team, 20 to 5, in a Church League game.

The Croton team batted Robison hard in every inning but one, and tallied 15 hits. Five errors by the Mahoning team gave the Croton boys several runs. In the third inning the Croton team staged a batting bee that netted them nine runs. Seward pitched for the winners and let the Mahoning team down with five hits.

Track Captain In School Play

FRED BLAHA

Fred Blaha is the handy man or errand boy up at the Senior High School. When someone is needed to sell tickets or to operate the lights or to officiate as major domo, he rises to the occasion. When "The Poor Nut" is given, Fred will not help with the stage lighting; he himself will be one of the lights of the play. As Spike Hoyt, captain of the Wisconsin track team, he is an unpleasantly aggressive individual; if you want to pick a fight with him, you need only doubt his superiority. He boasts that no one ever gets a full stride ahead of him, and he is not kidding; he really means it. As his names suggest, he cares more about victory than about fair play. He delights in lording it over our hero, the "poor nut", who trembles at mention of his name. Spike is as desperately in love with Julia Winters as he can be with anyone except himself. You will not care much for Spike, but you will like Fred Blaha in the part.

Ruth Crashes Out Nineteenth Homer

(International News Service)

NEW YORK, June 1.—Babe Ruth clouted 15 homers during the merry month of May, but fell short of the record for one month which he set last September by hitting 17. However, his 19th homer of the current campaign, made against Washington yesterday, puts him 10 games, 11 days and three homers ahead of his record-smashing pace of 1927.

First Christians Topple Hakoah 8-1

The First Christians defeated the Hakoah team, 8 to 1, in a Church League game played at the Scotland Lane field on Thursday night. The game was a five-inning affair.

Sergeant pitched a fine game, holding the heavy-hitting Hakoah team to three hits and fanning 12 men. Rogovin had the pitching assignment for the Hakoah team and was found for nine blows.

C. Patton and Hill smote out triples for the only extra base blows of the contest.

First Methodists Top Grace & Conn.

The First Methodist baseball team defeated the Grace & Conn team, 4 to 0, in a Church League game at Colonial field on Thursday night.

Seamons, on the mound for the Grace & Conn team, was about the whole team. He allowed but four hits and fanned 11 men, but six errors by his fellow players allowed four runs. Uber was on the mound for the Methodists and allowed but five hits. Uber also played a fine game in the field. The box score turned in to The News office was not complete and could not be published.

SORDS POINTS—By Jack Sords

Red Sox No Longer Humble Doormat, Thanks To Carrigan

Give Bob Quinn his laurel wreath.

As president of the Boston American league club he has pulled a wise move that for intelligence seems to beat anything connected with the Red Sox in a decade.

The smart move Quinn pulled was when he brought Bill Carrigan back to the helm of his old club.

Carrigan had run the Red Sox machine before. He was manager in the glorious years between 1914 and 1916 when, under his clever guidance, the red hosed bean eaters galloped to two flags.

Shortly after Bill left the helm of the club it went into a tailspin. Since 1919 the American league representatives in Boston has been the doormat of the loop.

The Red Sox have finished in every position in the second division for the last 10 years. However, everything now points to better times and a lot better team. Boston finished in last place last season, but seems destined, thanks largely to Mr. Carrigan, to wind up the current campaign in a loftier position.

The reversal of form shown by the Red Sox is also a great boost for Bill. It shows that Carrigan, out of the swim for 10 years, is still a fine baseball man, though the national game has changed quite a bit in the 10 years that he was out.

Of course, Carrigan couldn't pick up immediately right where he left off in 1916, but he's on the right track. The team he has moulded together this year seems destined to upset all the dope by finishing in the first division, and may in a couple of years bring back to Boston the flag that once was her proud possession.

With Carrigan yanking the American league entry out of the slough of despond and Rogers Hornsby whipping their Braves into a semblance of a team, Boston no longer is such a rotten place for a baseball fan to live.

Perhaps better days are in store for the Cape Cod crowd—anyway, they deserve them.

Ryantown Trims Edenburg 2 To 1

Winters Outpitches Hofmeister And Miller To Gain Victory In Twilight Game

"Kenny" Winters the Ryantown mound star outpitched Hofmeister and Miller as the Ryantown team gained a 2 to 1 victory over the Edenburg team last night at Edenburg. The game was a National section contest. The game was called in the seventh on account of darkness.

Ryantown hopped on Miller in the second frame and counted two runs before Hofmeister could go to the rescue. The Edenburg team scored their lone tally in the third inning. Joyce had the only extra-base hit of the game, a double.

Pirates Break Losing Streak

Wright's Single In Ninth Scores P. Waner From Third

CARMEN AND SMITH PLAY STAR ROLES

PITTSBURGH, June 1.—The Pirates' losing streak has been broken and joy prevails in the heart of the followers who have loyally stood behind the team during the time Old Man Jinx had the Pirates ready to walk the yardarm. The Pirates ended the hoodoo by defeating the Cardinals, 3 to 2.

Pie Traynor, captain of the swashbucklers, was back at third base and Carmen Hill came through with superlative pitching. Earl Smith crashed a home run to right in the third, but the bags were empty.

As the Cardinals had scored in the first and second, the Pirates had two to get, and in the sixth P. Waner singled and scored from second on a wild pitch. In the ninth he tripled to center and Wright singled to center, scoring P. Waner.

Tennis Alphabet—D

By Feg Murray

A big round "D" is as useful in tennis as it is in golf, as this writer knows full well, and some would-be players of the court game have even been known to take a Divot with some of their Drives, which, you must admit, is a Dirty, underhand trick!

Finding a cast of characters for this little playlet, "Tennis Alphabet—D", was rather simple. The lead goes to Dwight F. Davis, who, in 1900, put up the now historic trophy known as the "Davis cup" for international competition. With Holcomb Ward and Malcomb Whitman, he helped successfully to defend the cup from the British that same year, winning three matches.

Next in order came the late Reginald F. and H. Laurence Doherty, affectionately called "Big Do" and "Little Do". The former was champion of the world in 1897, '98, '99 and 1900, while his brother won the same honors in 1902, '03, '04, '05 and '06. Together they won the Wimbledon doubles title on eight occasions while Hugh (Little Do") won the United States championship in 1903. No other player whose name begins with the fourth letter of the alphabet ever won the United States title.

James Dwight ranked second in America in 1885 and '86 and third in 1888. Dwight Davis was fourth in 1898, second in '99 and 1900 and third in 1901. The name of E. B. Dewhurst appears in the first ten in 1906, and Willis E. Davis broke in in 1916 and 1920. John Doeg, a nephew of May Sutton Bundy, was ranked eighth for the season of 1927.

Charles P. Dixon was a British Davis cup player in 1912 and '13, and Max Decugis of France helped to win the Wimbledon doubles title in 1911. Miss D. K. Douglass has already been discussed in this alphabet as Mrs. Lambert Chambers, and Miss L. Dod won five British championships. Other D-players, umpires, and so forth include Connie Doyle, Ward Dawson, Jim Davies, Stanley Doust, Louis B. Dailey and Ben F. Dwight.

SPORTS DONE BROWN

By NORMAN E. BROWN.
Staff Writer for Central Press and New Castle News.

On or about the eighth day of March of this year Jack Slattery, then starting to cut his eyeteeth as a major league pilot and as boss of the Braves was asked this question:

"What about the much discussed possibility of their being some friction and test of power on the club as a result of the acquisition of Hornsby since you were made manager?"

"The answer to that is" replied Slattery. "We're roommates. Does that look as though we are jealous of each other?"

Slattery thus implied that there was nothing but the most cordial relations existing at that time at least between himself and the much traded star.

So the real underlying reasons for the move—scarcely three months later—whereby Hornsby succeeded Slattery can now be listed with the real reasons surrounding the sudden trading of the Rajah by the Giants and other sudden and shocking moves of that nature.

Of course it may be that Slattery himself, made the first move. But that seems illogical. Here is a man who made a reputation as a coach of college teams, as a judge of ball players through his career as a big league scout and as a developer of ball players in and out of his college campus activities.

It is to be presumed that Slattery held some desire to try his hand at managing a big league club and had some confidence in his ability to do so, else he would not have accepted the post. By the same token it isn't reasonable to suppose that a man of Slatter's type would toss up the sponge voluntarily after less than a three months trial. He knows as well as any other baseball man that you can't turn a ball club upsidedown in that time.

Another odd part of the shift is the labored swing of the letter issued by Judge Emil Fuchs, Braves president in announcing the change. It would appear that the judge tried to handle a difficult situation as gracefully as possible. Had the change been prompted by a voluntary move on Jack Slattery's part of this delicate touch would not have been necessary.

Without a doubt the move will prove a profitable one for the Braves from a financial standpoint and should bring the town a better club, provided Hornsby has the men about him who will fall into his methods and work hand in glove with him.

It is Hornsby's grand opportunity to settle down and begin what ought to be a great career as a manager. His successful season with the Cardinals indicated that he has the brains.

Diamond Notes

The Atlantic Midgets defeated the West Side Sluggers 9 to 0 in a slow game. The pitching of Alfonso Colucci was a feature this youngster did not allow a hit or run.

The Scioto Sluggers defeated the Lone Scouts for the second time this year in a hard battle. The final score was 5 to 3. Lasky and Conway pitched good ball for the Scioto team, while Rowe was on the mound for the Scouts.

The Keystones defeated the Mud Divers 9 to 4 in a game played at the P. & L. E. grounds. The game was a pitchers battle between Majocha for the winners, and Gilmore and Solomon for the Mud Divers. Culbertson and Tackitt were the heavy hitters.

The Spring Hill Sluggers won both ends of a double-header on Memorial Day from the Mack Midgets. The scores were 9 to 7, and 11 to 6. The Spring Hill Sluggers defeated the Ryantown Pick-Ups last night by a score of 12 to 6. The Spring Hill Sluggers would like to arrange games with fast Midget teams. an extra-powered gasoline— amazing in its performance

LAST week Atlantic introduced a remarkable extra-powered all-petroleum gasoline. . . . A "knockless" gasoline, without the shortcomings of many fuels offered merely on the claim for the elimination of motor knock.

Atlantic is extraordinary through the fact that it perfectly meets *every* modern motor requirement and every present-day driving condition. . . .

A gasoline that is instantly ready for action when starting. Alive and alert in traffic. Carbonless. Complete-burning. Free from valve-pitting or metal-corroding acids. Unusually full-powered and rangy. Efficient at every speed and temperature. . . . *And obtainable everywhere!*

Have you tried it?

Plan Equipment For New School

School Board Acts On Recommendations For George Washington School

Finishing a list of routine business left from the previous meeting, the New Castle school board met on Thursday night in the board offices in the North Street building. The largest matter of business was the approval of plans for the George Washington Junior High school equipment andthis consumed much of the time of the meeting.

Some changes and alterations in the original plans will be made, the Gilfillan Company offering to make some changes thought necessary for $5866.75. This will be done. In the flooring, rubberstone will be substituted for mastik, the increase in cost being $300.00.

Sidewalks are to be laid on Euclid avenue on the south side of the school property. Bids are to be asked for immediately. Seats will be advertised for, to be installed in the auditorium, 1000 in number.

Considerable old equipment is lying about in the various school buildings and while it is practically useless to the school system, it has some value and it will be advertised for sale

Name Griswold Vice President Of Postal System

NEW YORK, June 1.—Clarence H. Mackay, president of the Postal Telegraph Cable Company announced today that Augustus H. Griswold, vice-president of the Pacific Telephone and Telegraph Company, had been appointed executive vice president of the postal telegraph system with headquarters in New York.

As such Mr. Griswold will be the administrative and operating head of the Postal Telegraph system under the board of directors and the president. Mr. Griswold was born in Illinois in 1879 and is a graduate engineer of the University of Illinois. He has wide experience in the communication field having filled important officials positions with the Western Electric Company and the American Telephone and Telegraph Company before he became vice president of the Pacific Telephone and Telegraph Company, which position he now leaves to join the Postal Telegraph system.

SEEK TO OUST AGED VETERAN PRINCIPAL

(International News Service)

VANDERGRIFT, Pa., June 1. — A mass meeting will be held on Monday to protest against the removal of H. H. Trimble, for 11 years principal of the Allegheny township schools. The school board, it is said is seeking a college graduate to supplant Prof. Trimble who has been working on a Normal school certificate.

N. Y. STOCKS

(International News Service)

NEW YORK, June 1.—Buoyant advances in a few of the motor, specialty and railroad stocks at the beginning of trading today reflected the confidence of the speculative district in the return of easier money market conditions next week.

Strength and activity of white motors, Mack Trucks, Packard, Murray Corporation and Briggs manufacturing was attributed to merger prospects, though no light was shed as to the possible alignments of these concerns. Briggs and Murray may be attached to the Chrysler-Dodge combination, Mack Trucks is believed to be negotiating for White Motors, and Packard may acquire one or more of the smaller companies.

Montgomery Ward continued the spectacular market movement that has been a feature of the market since the turn of the year. Radio mounted nearly 6 points to a new high, on rumors of a contemplated split up of the stock at five-to-one, with a cash dividend of $1.50 to $2.00 a share annually on the stock as reconstructed. New York Central sold up about a point.

Oils and coppers were strong, with Atlantic Refining again leading the Standard Oils. International Nickel gained 4 points in a rapid turnover. Call money was unchanged at 5 per cent.

FIND WOMAN GUILTY OF SHOP LIFTING IN NEW CASTLE STORE

Mrs. Mary Ross of Home street, charged with larceny in the court of Alderman Walter T. Hamilton by the W. J. Offutt Company as a result of her alleged shop lifting activities in that store, was given a hearing this morning. She was found guilty and assessed a fine of $10 and costs.

The police have in their possession articles found in the Ross home and alleged to have been stolen from various other stores of the city. It is said that an effort is being made to adjust these cases.

Pilgrimage To Mecca Is Made By Thousands

JERUSALEM, June 1.—Thousands upon thousands of faithful Mohammedans are on their way back to their homes today after the annual pilgrimage to Mecca to pay homage to the memory of the prophet through fasting and prayer. The final services at Mecca were held on Tuesday when between 200,000 and 250,000 followers of Mahomet gathered in mosques, temples and open spaces at Mecca for the rites of the day of sacrifice, which brought to an end the great pilgrimage to the City of the Faithful.

Tuesday was the tenth day of Julhijja, or the Idul Azha, as it is known and celebrated throughout the world of Islam.

The pilgrims came from all parts of Turkey, from India and from northern Africa—from as far away as Morocco.

One of the features was the famous "Stoning of the Devil," one of the most ancient rites of the Moslem faith.

Make Reports Of Number Of Thefts

Police Investigate Various Robberies Occurring During Night

Thieves are apparently quite busy in this city, according to the reports made in the past few hours to the city police.

Sometime during the night the Frank Brothers Wholesale Produce Company on South Croton avenue was entered through a cellar window. Evidently the exit was made in the same way. Officers Kennedy and Dukes reported that it was evidently the work of persons seeking to do damage for spite or some other cause.

Tomatoes and other vegetables were found in a sack in the cellar, where they had been left by the thief, who had evidently intended taking them. There were also two boxes of cherries and a basket of cucumbers in the cellar. There were cucumbers and beets cut up and thrown about the place.

Fred McConnell of South Mercer street reported that he was on South Jefferson street Wednesday night when two negroes attacked and downed him, taking between $80 and $90. The police are investigating.

D. G. Piper of 802 West Grant street reported that two tires were taken from his machine while parked in the yard of his property during the night of May 29. Detective John Young and Officer Thomas Lynch made an investigation of this case.

A Chicago man says his wife took poison because of the way he used the spoon while dining. Some local golf players have felt like taking poison when unable to use the spoon properly on the golf links.

NEW CASTLE DRY GOODS CO.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Many of you may not know that a New Castle boy, Harold Haid, is pitching in the National league this season .That doesn't include those dyed-in-the-wool baseball fans who eat and sleep the national sport, but the great run-of-mine citizens who can take his baseball or leave it alone.

For the information of that particular kind of citizen it can be repeated that Haid is with the Big Show this year, pitching for the St. Louis Nationals.

And because he has made the grade pitched himself into the big league, some of his friends here would like to show him that New Castle doesn't forget the home town boys no matter in what line they make good.

This has been suggested. That on the next eastern trip of the St. Louis Cardinals that one of the games they play in Forbes field in Pittsburgh be known as New Castle day.

Barney Dreyfuss would be glad to have it called that, Bill McKechnie of St. Louis would go along and it wouldn't do Haid a bit of harm if a couple of hundred fans went down there some afternoon in his honor.

The suggestion has merely been broached. If enough interest is shown the idea will be carried through and arrangements made.

Jimmy Fletcher left for Hot Springs Ark., yesterday afternoon. In itself this isn't news but in this case it is. Jimmy is still a victim of the World War. The feet that once were so agile on the athletic field aren't much use at the present time, due to arthritis. But with that million dollar smile of his, Jimmy tells you that the baths at Hot Springs will be just the thing to put him back on his feet and if hoping does any good his friends back here are going to hope him right through.

There must be something the matter with the school board. The meeting last night practically amounted to matinee and was actually over and done by 11:10 p. m. Sort of spoiled the entire evening but with all that time left after adjournment it seemed unusual. As a rule the meeting never adjourns on the same day it convenes.

Looking at the calendar one is impelled to rush into poetry today. You know that one that goes "what is so rare as a day in June, then if ever comes perfect days and Heaven replies, if she be in tune and over it softly her warm ear lays," etc. This seems to be one of those perfect days and lets hope it continues.

We rather like this, stirs the imagination urges on the poetic impulse and does the tomatoes a world of good. All of which have their place.
